LEASED WIRE SERVICE**GERMAN TOWN
IS FINED 100
MILLION MARKS****French Take Drastic Action
Because of Fatal
Clash Monday****Arrest Police Officials
For Part in Clash With
Gendarmes**

Duesseldorf, Feb. 13.—(By The A. P.)—The town of Duesseldorf has been fined 100,000,000 marks to be paid tomorrow in consequence of the incident there yesterday between German police and French gendarmes. The burgomaster, the chief of police and the policemen believed to be guilty in involvement in the affairs have been arrested.

Paris, Feb. 13.—(By The A. P.)—A German policeman was killed and two French gendarmes were wounded in yesterday's affairs at Duesseldorf in Ruhr, says the French official version of the incident obtained today.

The foreign office in giving out the details, says the gendarmes were on the way to the Mayor's office in Duesseldorf with a letter when their car was stopped by a policeman, threatened them with a revolver. The gendarmes fired on the policeman who fell. Thereupon six policemen from a nearby post hurried up and fired on the gendarmes, wounding one in the arm and the other in the liver.

The French authorities, it was added, are investigating.

**TURK SITUATION
HAS IMPROVED****Attitude Toward Allies,
Especially at Smyrna,
Appears to Have
Changed For Better.**

Constantinople, Feb. 13.—(By A. P.)—Ismet Pasha's report on the Lausanne conference is expected to clarify the political atmosphere here, especially as regards the Smyrna situation. The Turkish foreign minister whose return from Switzerland has been delayed by the weather will explain, it is believed, that the peace negotiations attempted at Lausanne have been postponed rather than abandoned and that adjustments are possible.

Meanwhile, Turkey's attitude toward the allies, both at Smyrna and elsewhere, appears to have changed for the better and the Ottoman authorities at the "closed port" are reported as more conciliatory toward the naval commanders.

**PRESIDENT CALLS
ANOTHER DRY PARLEY**

Washington, Feb. 13.—Another conference of state governors will be called by President Harding to meet in Washington for the discussion of prohibition enforcement. No date for the meeting has been set.

**CENTRAL WEST OIL
PRICES ADVANCED**

Pindlay, Feb. 13.—The Ohio oil company today increased the price of central west grades of crude oil 10 cents a barrel. The new prices are Lima \$2.48; Indiana \$2.28; Westmore \$2.40; Illinois and Princeton \$2.37; Waterloo \$1.75 and Plymouth \$1.65.

**SUGAR FUTURES JUMP
100 POINTS ON MARKET**

New York, Feb. 13.—Excited trading and violent advances took place in the sugar market today. Futures jumped at the opening in some cases as much as 100 points, the maximum fluctuations permitted by the exchange in one day's trading.

This unusual jump was influenced largely by the Meier-Gutman estimate placing the Cuban crop at only 13,400,000 tons or almost 400,000 tons below the previous estimate in the center. This estimate was in line with recent statistics published by the department of commerce, which made the estimated needs for the next year 725,000 tons above production.

**NEW LEXINGTON DOCTOR
DIES AFTER OPERATION**

New Lexington, Feb. 13.—Funeral services for Dr. L. B. Smith, 63, a graduate of Starling Medical college who died at Zanesville following an operation for cancer, will be held at 7:30 p. m. today at the residence in New Lexington. His son, Dr. N. C. Smith of New Lexington, and a granddaughter survive. He was a member of the Masonic and Knights of Pythias orders. Burial will be at New Lexington.

COURT JUDGMENT AFFIRMED
Columbus, Feb. 13.—Ida Greenberg, Cleveland, obtained a judgment for \$5,000 against the Cleveland street railway company as a result of the state supreme court today refusing to review the case. The action was for personal injuries.

ORPHANAGE BURNS
Franklin, Feb. 13.—The New Hampshire Orphan home near the Webster Place station, was virtually destroyed by fire, early today. The 200 children were removed without serious injury. Four firemen were hurt.

DEMURRER IS HEARD
Ada, Okla., Feb. 13.—Hearing on a general demurrer to the indictment against L. R. A. Robertson, former governor of Oklahoma, charging that he accepted a bribe to permit operation of a failing bank in Okmulgee was set for next Monday here today.

**This is Wardrobe Trunk of King
of Egypt 3000 Years Ago**

King Tutankhamen's "wardrobe trunk" being removed from his tomb. It contained valuable fabrics and bore the king's and queen's names in hieroglyphs.

**SAYS RADICAL
RAIDS FRAMED****Former Federal Agent
Makes Statement Con-
taining Charges
Against Private Detec-
tive Agencies.**

Chicago, Feb. 13.—A story of methods employed by private detective agencies investigating radical movements, strikes and labor troubles, contained in a deposition made here by Albert Baflin, alias Balanow, former agent of the department of justice, last night and today brought forth specific and general denials from agencies and persons involved in the alleged exposure.

Balanow, son of a Russian radical deported during the last czar's reign, charged that he and other agents for private detective agencies, planted in the ranks of radical bodies, made possible the famous radical raids in 1920 and called their followers in an account of the affair that he said he was a member of the communist party, the Socialist-Labor League and the Workers International Industrial Union.

Conroy mentioned several times by Balanow, was quoted in Associated Press dispatches from St. Paul last night, as having said Balanow had made similar charges to the fore and that they had been disproved. Officials of the Burns and Thiel agencies here made general and specific denial of Balanow's charges.

Among other charges made by Balanow were:
That private detective agencies agitated radicals, fomented labor organizations and fomented labor troubles, through paid representatives in order to make big fees in exposing the movements.

That private radicals were allowed to slip through the hands of the investigators that the search might be continued. That when arrested the agitators were released that search might be prolonged and more money obtained for tracking them down again.

That agents of Burns and Thiel "dictated" the policy of W. W. propaganda committee which issued the radical manifestos and literature and that the entire committee during 1920 and 1921 was composed of Thiel agents.

That Conroy, directing the radical department for the Thiel agency at that time, using a stamp of the signature of Alfred Weggenknecht, known as a radical, stolen from the mail by a fellow operative, stamped 50 threatening letters, which he (Balanow) mailed.

Attorney Frank P. Walsh, who is defending the 22 alleged radicals facing trial at St. Joseph, Mich., Feb. 26, and who is here taking the deposition, will continue on this for two or three days then G. L. Smith, Assistant Attorney General of Michigan and W. L. Gore, prosecuting attorney for Berrien county, Michigan, will cross-examine Balanow.

**TWO CHARGES FILED
AGAINST GEO. BADER**

Affidavit charging George Bader of 224 Erie street with illegal manufacture and possession of intoxicating liquor, was filed in municipal court this morning, following a report from City Chemist Eastwood that a radical, stolen from the mail by a fellow operative, stamped 50 threatening letters, which he (Balanow) mailed.

Officers Hurlburt, Donnelly, Williams and Jones removed 13 cases of beer from the patrol house this morning. The beer tested about four per cent.

**WANTS FRANCE TO
TIGHTEN HOLD ON RUHR**
New York, Feb. 13.—Hope that France will complete her occupation of the Ruhr and "make the hand-cuffs secure" was voiced by Major General Clarence R. Edwards, re-elected for the 29th annual convention of the National Republican club last night. He said he believed he echoed the thoughts of all the Americans who fought in France.

He urged definite fixation of the total amount of German reparations through the kind offices of the United States and said the French army should stay in the Ruhr until every franc is collected.

HARDWARE MEN MEET
Cleveland, Feb. 13.—Hardware dealers from all over Ohio were here today for the 29th annual convention of the Ohio Hardware association. The morning was taken up with registrations and the opening of the exposition of hardware manufacturers at Public Hall. Informal opening of the convention, which continues through Friday, was set for this afternoon, with formal opening slated for tonight.

**EIGHT-YEAR-OLD BOY
LICENSED AS PREACHER**

Greenville, Tex., Feb. 13.—Mayo Cleveland, eight-year-old so far as is known here, is the world's youngest licensed preacher. Mayo delivered his first sermon to a large congregation at the Kingston Baptist church Sunday. Baptized about three weeks ago he expressed a desire to become a duly ordained minister. His request was granted.

**GIRL TELLS OF
CAMPUS KILLING****Companion of Kentucky
University Student,
Held For Murder, Says
Watchman Was Insulting.**

Lexington, Ky., Feb. 13.—Warren Middleton, of Paducah, Ky., freshman at the University of Kentucky here, charged with murder, in connection with the slaying of Joseph N. Self, night watchman at the University, said to have "an even chance" to recover from two pistol bullet wounds received in the exchange of shots on the campus Saturday night.

An account of the shooting given by Middleton and of the slain night watchman, quoted by police from what they declare was Self's dying statement, were at variance concerning the responsibility for the opening shot of the duel. Miss Glover Coleman, also of Paducah, a student at the university, who occupied a closed car with Middleton, said yesterday she did know who fired the first shot and was unable to remember any details of the shooting.

Middleton was said to have asserted in an account of the affair that he shot only after the watchman had insulted his companion and fired five shots into the automobile.

The watchman's account of the shooting, as told by police, was that he discovered the car on the campus, opened the door and told the occupants he would have them arrested. A boy in the car fired. Self said and as he fell he fired five times into the machine. Middleton claimed to have found persons who said they heard one shot, followed after a brief interval by five reports in rapid succession.

Later, Coleman said Middleton accompanied her to a dance Saturday night, afterwards they went for a short drive. They drove through the campus and entered a blind alley. After they had turned the car around they were retracing their way across the campus, they saw the night watchman and stopped when he approached. The nightwatchman opened the door on the driver's side, Miss Coleman related and asked in what she termed an "insulting" manner what the couple were doing on the campus.

A discussion followed, the girl said, and she remained in the car. She must be back at home in a short time. Middleton then started to drive on and the shooting was begun. She knew her escort was being shot, she said, but she seemed to consider this fact lightly.

"It was not until Sunday morning at the breakfast table that I learned the night watchman had been killed," Miss Coleman declared.

**COLD WAVE AGAIN
HEADED THIS WAY**

Chicago, Feb. 13.—The Lake region, great central valleys, plains states and the west gulf states today enjoyed a marked rise in temperature but a forecast of another cold wave coming from the Canadian northwest dispelled hopes for a continuation of the mild weather.

The weather bureau indicated that by tomorrow night, much colder weather would have overspread the lower lake region and the Ohio and Lower Mississippi valleys after decided drops tonight.

**KIWANIS CLUB HAS
SPECIAL SCOUT MEETING**
Members of Troops Two and Five, were entertained at the Kiwanis special meeting Monday night. President Robert Crawford welcomed the boys with a short talk and told of the lively interest of Kiwanis in the Scout movement.

Vice President Kennedy entertained with a number of short stories and the Clipper Harmony Four sang two selections.

Parts of the musical show which will be given Wednesday night by the scouts at the high school auditorium were given by the scouts, Bernard Claggett, Robert Schimpf and Roy Cochran singing three of the hits of the show. The piano accompaniment was played by Mrs. K. L. Brown.

Miss Stock, accompanied by Miss Larkin, also sang two numbers.

**SENATE FAVORS
INAUGURATION
IN JANUARY****Change Urged By Pro-
gressives Wins All But
Six Votes****Fate of Resolution in
House is Problematical
Leaders Say**

Washington, Feb. 13.—The Norris amendment to the federal constitution eliminating the present session of an old congress after election of a new congress and changing the date of inauguration of President, from March 4, to the third Monday in January, was approved today by the senate.

The resolution embodying the amendment was adopted after brief debate and by a vote of 63 to 6. It now goes to the house with approval there before adjournment of congress, regarded as problematical.

The senators voting against the resolution were, Broussard, Democrat, Louisiana; King, Democrat, Utah; France, Republican, Maryland; Nelson, Republican, Minnesota; Overman, Democrat, North Carolina and Reed, Democrat, Missouri.

Such an amendment was proposed by the new progressive bloc immediately after it was organized and probably is the first proposed change in the constitution to be approved by the senate after coming out of any committee other than the Judiciary committee. It was reported from the agriculture committee of which Senator Norris is chairman, as a substitute for a senate resolution introduced soon after the beginning of the present session by Senator Ashurst, Democrat, Arizona, providing that members of congress defeated in an election should not vote on other than routine business during the session of the old congress following the elections.

The change resolution had been referred to the agriculture committee at the request of its author, who said that if it went to the Judiciary committee it would go "the sleep that knows no waking."

The agriculture committee has among its membership a number of members of the farm and progressive bloc and it incorporated in its bill an amendment a provision changing the present method of electing president and vice presidents. This section however was eliminated today before the senate started motion of Senator Norris and after opposition to the section had been expressed both by Democrats and Republicans. President Harding some weeks ago let it be known that he did not look with favor upon the change.

Similar amendments have been pending at one time or another in congress for years and hearings were being held on one presented by Senator Ashurst, Democrat, Arizona, when the agriculture committee reported the one approved today.

**DEBT BILL GETS
RIGHT-OF-WAY****Senate Agrees to Lay
Aside Shipping Bill
Until Question of British
Funding Plan is
Threshed Out.**

Washington, Feb. 13.—The British debt funding bill was taken up in the senate today under an agreement reached after conference between the president and the British government. The bill was passed by the senate today.

**These Two Girls Ask \$200,000 From Head of
House of David Cult**

Mrs. Gladys Bamford Rubel, 19, (left) and Mrs. Ruth Bamford Reed (right), sisters, of Detroit, Mich., have started suit for \$200,000 damages against Benjamin Franklin Purnell, 61, (below), founder, high priest and "king" of the Israelite House of David religious cult at Benton Harbor, Mich. Affidavits introduced into court by the girls' counsel allege Purnell caused them to be brought to his home at a tender age to be initiated into love rites. The affidavits also set forth that Purnell forced both girls to wed men they did not know.

**NEW BUS FIRM
IS ORGANIZED****Transportation Company
Plans To Operate Busses
in Muskingum, Licking
and Franklin Counties.**

Incorporation of the Dayton and Zanesville Transportation company, financed by Springfield men, will occur this week. The company will eventually operate motor bus lines in Muskingum, Licking, Franklin, Clark and Montgomery counties.

The officers are: President, John S. Bleeker; manager, C. C. Fast; secretary and treasurer, F. A. Healey; superintendent, Ralph Jacobs; public relations, Arthur V. Bland; purchasing agent, J. M. Pogue.

One line is now in operation in Zanesville and another line will be started Thursday between Columbus and Grove City. Mr. Bland announced Friday. It is planned to start other lines soon.

The offices of the company will be in Springfield with subsidiary offices in cities where the lines are operating. Financially the bus company has no connection with the Indiana, Columbus and Eastern Traction company. The buses will be operated over the same routes as the traction cars it was stated. The Columbus and Grove City busses will operate out of the Columbus interurban station and tickets will be sold there.

The traction cars on this route are operated on the even hour and the busses will leave on the half hour. This is done partially to give better service along the lines served by the traction company.

The company is being incorporated for \$50,000 by John S. Bleeker, C. C. Fast, F. A. Healey, J. M. Pogue and Arthur V. Bland.

Tariff rates and schedules are completed for the first line to be operated by the new organization. The tariff rates will be submitted to the Ohio Public Utilities commission.

Two busses will be placed in operation on the Grove City line.

**ORDERS ARREST OF
KU KLUXERS IN TIFFIN**

Tiffin, Feb. 13.—Orders to arrest at sight any Ku Klux Klan organizers or klansmen appearing in Tiffin were issued to Chief of Police Clyde M. Borden by Mayor Adolph Unger yesterday, following threats directed against local business men. The orders also extend to distributors of Ku Klux literature and klansmen meetings.

**FALL CAUSES PARALYSIS
WOMAN'S DEATH RESULTS**

Mrs. Frances Schimpf, widow of Jacob Schimpf, died at her home in Pearl street Monday afternoon at 4:30 o'clock. Ten weeks ago she sustained a fall from which she never fully recovered and this injury brought on a stroke of paralysis Saturday evening.

Mrs. Schimpf was a native of Germany, immigrating to this country when a child of eight years. She has resided in Newark, nearly 30 years. At the time of her death she was 73 years old.

Surviving are the following children, Mrs. Maggie of the home, Mrs. L. E. Gorias and Henry Schimpf of Newark, Michael Schimpf of Somers, Frank Schimpf of Lima. A son, John, preceded her in death seven years ago. Three stepsons, William of Pittsburgh, George of Baltimore and Charles of this city, also survive with 20 grand-children and 4 great-grandchildren.

Funeral services will be held at St. Francis de Sales church with a requiem high mass Thursday morning at 9 o'clock (eastern time) burial in Mt. Calvary cemetery.

**ALCOHOL IN RADIATOR
EXPLODES; MAN BURNED**
Lancaster, Feb. 13.—Clark Higgins, 35, used a lighted match to see how much alcohol was in the radiator of his car and was painfully burned about the head and face by the explosion that followed.

**Police Hunt Couple for
Kidnaping Nun At School**

Frederick, Md., Feb. 13.—(By The A. P.)—Policemen in this city and Baltimore are searching today for a mysterious man and woman who are believed to have kidnaped Sister Cecilia, a music teacher at the Notre Dame academy here yesterday afternoon, and took her to Baltimore, where she escaped from a house there after being held captive for several hours and returned to the institution in a dazed condition.

Stewart Cathcart, a taxi driver of Baltimore, who brought Sister Cecilia to Frederick, in his machine last night, was locked up in jail at the request of Father Kane. While not believing the story which she was told in the kidnaping, the priest stated that Cathcart gave evasive answers to many of his questions.

According to Sister Cecilia's story, as related to Father William J. Kane, overseer of the Notre Dame convent, she was struck over the head with a blunt instrument by the man and woman who took her to Baltimore. She is still in bed today suffering from the result of her adventure. She was able to give Father Kane but a meagre description of the strangers and could not tell the names of the man and woman taken in Baltimore, as in her hurry to leave the dwelling she did not properly observe her surroundings.

Father Kane said that the room at the convent from which the nun had been taken showed signs of a fierce struggle.

Cathcart, according to Father Kane, at first refused to take the nun to Frederick, as the fare from Baltimore to Frederick was \$30. Sister Cecilia had only \$11 with her, which she found in a pocket of the overcoat she wore, the priest stated. He said that the tolls would be paid in Frederick, however, Cathcart consented to take her there.

Physicians who examined her, Father Kane said, declared she had not been assaulted.

Sister Cecilia whose age on the convent record is given as 31, was formerly Miss Marie Whalen, of Verona, Pa., a suburb of Pittsburgh.

**PREPARE JURY
PROBE OF KLAN**
Preliminary Steps to Assemble Grand Jury in
Morehouse Parish Taken By Officials.

Bastrop, La., Feb. 13.—Preliminary steps toward selection of the grand jury which will be asked to investigate alleged operations of the Ku Klux Klan in Morehouse Parish was set for today here.

The jury commission will select the names of 20 citizens of the parish and these will be placed in a box and given to District Judge F. M. Odum. On March 5, when the term of the present grand jury expires, Judge Odum will select from the 20 names one to be foreman of the jury and then from the box will be drawn the names of eleven men to complete organization of that body.

Attorney General A. V. Cocco, is asked to appear before the jury immediately after March 5, and place before it evidence developed at the open hearing held last month in Bogalusa, La., and the kidnapping and slaying of Watt Daniel and T. F. Richard. The Attorney General has stated that he would ask for the indictment of between thirty and fifty persons on charges ranging from murder to assault and battery.

**ONE DEAD; TWO ARE
MISSING AFTER FIRE**
Syracuse, N. Y., Feb. 13.—One known dead, two probably lost in the flames, a score injured and \$1,500,000 in property loss, was the toll today of a fire which last night destroyed the six-story Bristol Hotel, the Belvidere hotel and damaged several other buildings here.

The dead man was John H. Sher. The missing men are Otto Seckman, 20, and Edward P. Lehl. The latter two were known to have been in the building, shortly before the first alarm was sounded.

Sher, father of two small children, was trapped on the sixth floor. He jumped for the life net and missed. Several firemen were hurt in their efforts to rescue the occupants of the building.

DESTROYERS AT PANAMA
Cristobal, Panama, Feb. 13.—The dreadnaught Maryland with 16 destroyers of the American fleet, arrived here yesterday.

**ENGLAND WILL
NOT EMBARRASS
FRANCE IN RUHR****King Tells Parliament He
Hopes Turk Question
Will Be Settled****Most Important Session
Since War Is Opened
With Ceremony**

London, Feb. 13.—(By The A. P.)—The Ruhr question was stressed by King George today in his address from the throne opening the second session of the fourth parliament of his reign.

He declared that although the British government was unable to concur or participate in the Ruhr operations, it was acting in such a way as not to add to the difficulties of Great Britain's allies.

The king disposed of the American debts question in one sentence, saying that he welcomed the settlement "which reflects the determination of our people to meet their obligations." The remainder of the speech was devoted largely to an expression of the hope that the Turkish question might be settled. The sovereign also touched upon domestic problems, particularly unemployment.

Parliament was opened with the usual ceremonies of state, King George, accompanied by Queen Mary, setting in motion the machinery of what is generally regarded as one of the most important sessions of parliament since the declaration of peace, in view of the unsettled European situation and the financial trade and labor questions at home.

Rain detracted somewhat from the brilliancy of the procession to the palace from Buckingham Palace to Westminster. But crowds, nevertheless, lined the streets.

The king began his speech with the subject of reparations. My government in their desire to hasten the complete settlement of the reparations question, to the allied governments, far-reaching concessions on the allied debts to this country," he said. "I greatly regret it proved impossible to reach a general agreement."

"The French and Belgian governments, therefore proceeded to put into force, the plan they favored in the Italian government countenanced their action in the present effort to bring to a close the conditions of war fare which for over eight years have desolated regions of the Near East. I greatly regret that the Turkish government, while feeling unable either to concur or participate in this action are acting in such a way as not to add to the difficulties of their allies."

"During the past three months, plenipotentiaries of my government in conjunction with those of the other allied powers, have been engaged in the Turkish question. But our earnest and laborious effort to bring to a close the conditions of war fare which for over eight years have desolated regions of the Near East. I greatly regret that the Turkish government, while feeling unable either to concur or participate in this action are acting in such a way as not to add to the difficulties of their allies."

"I welcome the prospective settlement of our war debt to the United States of America, which reflects the determination of our people to meet their obligations."

**HOLD SUSPECT IN
PAY ROLL ROBBERY**
Cincinnati, Feb. 13.—Clay Mereshon, 20, who is suspected by the police of being one of the pair of bandits who held up employees of the H. H. Meyer Packing company here Saturday 3, and stole the company's payroll of \$3,800, is under arrest at Portsmouth and will be returned to Cincinnati on an affidavit charging robbery.

Mereshon, according to a dispatch from Portsmouth denies knowing anything about the holdup. He was arrested in the city last night. The Cincinnati police say they received a tip on Mereshon's alleged complicity in the robbery from a woman living near the packing company plant.

GOODYEAR OFFERS BONUS
Akron, Feb. 13.—Officials of the Goodyear Tire & Rubber company today announced that a 10 percent bonus would be paid workers after Feb. 26, for steady attendance. The state was taken, it was explained, to have the present force maintain the required production and thus do away with the employment of new men who would lose their jobs when the spring rush is over.

A New Booklet on Knitting and Crocheting

Every woman will want a copy of this new knitting and crocheting booklet. Whether you are a beginner in this fascinating work—or an expert—you will find it in many suggestions in showing the proper and easiest way to cast on stitches, to knit plain, to purl, to increase, to decrease, and to bind off.

In crocheting it shows how to chain stitch, single crochet, double crochet, slip stitch, to increase and to decrease. It is prepared by the French Yarn Company and gives designs and directions for making the latest modes in sweaters as well as patterns and illustrations of numerous crocheted articles.

Send for your copy of this booklet today. Enclose two cents in stamps for return postage.

**FREDERIC J. HASKIN, DIRECTOR,
THE NEWARK ADVOCATE,
15 NORTH MAIN STREET,
WASHINGTON, D. C.**

I enclose herewith two cents in stamps for return postage on a free copy of the Knitting and Crocheting Booklet.

HAWKINS ENTERS FLORIDA TOURNEY

Newark Man Is Entered in National Barnyard Golf Meet—Makes 44 Rings in Practice Game.

St. Petersburg, Fla., Feb. 13.—Frank Lundin, holder of the national horse shoe pitching title, arrived in St. Petersburg today from his New London, Ia., home to finish his training for the fifth annual midwinter tournament to be held here during the week of February 19th when he will defend his title against a field of America's best "barnyard golfers" now gathered here or on their way to the southland.

Lundin is but a mere stripling, 21 years old and does not register the scales as a bantamweight. He is a "spuzzler" of horse shoe pitchers in the game today. His accuracy in hurling the equestrian footwear is amazing and he averages two ringers out of three pitches.

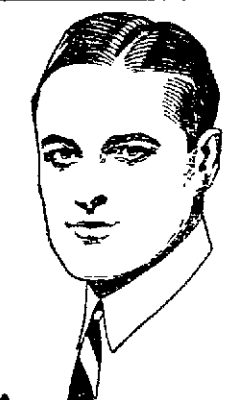

None of his wares will be displayed upon local lanes in his daily work-outs. Lundin has chosen a site far out in the sticks where none of the other entrants will be able to get a line on his work.

O. J. Hawkins of Newark, O., arrived here Thursday to polish off his practice for the big meet. He was sent here by the horse shoe club of his city. In a fifty point exhibition game played on the first day of his arrival, Hawkins displayed to the gallery of onlookers that he has the knack of placing collars on the up-ights. In the match, the Newark man made 44 ringers.

Ralph Spencer, Oklahoma state champion is due Friday while most of the entrants not ready here will be in St. Petersburg before the week end. Frank Johnson, ex-national champion, of Kelton, Ia., arrived Sunday.

Judges and score keepers are to be selected by James Todd Flower, vice president of the National Association here in charge of the meet, by the middle of the week. He will act as referee and tourney manager.

Advocate want Ads. bring results.

Bang Tournament

TROUBLE EXPECTED AT BASEBALL MEETING

New York, Feb. 13.—The determination of August Hermann, Cincinnati club president, to force a show down on the case of Rube Benton, threatened to precipitate some trouble at the annual meeting of the National League magnates at their annual meeting today.

The Benton incident club officials already in the city admitted, probably will make a warm affair out of what ordinarily would have been a rather tame meeting, with nothing but routine matters to receive attention. Hermann is here apparently determined to make an issue of the case.

Charles Herzog of Baltimore also is in the city, awaiting the meeting. His quarrel with Benton, which originated in the unexplained charge of the pitcher in 1920 that Herzog had sought to bribe him to "throw" a game, is said to be at the bottom of the row. Herzog has a lawyer to advise him.

The 1923 schedule is to be ratified, and a number of constitutional amendments adopted at the December meeting, are to be acted upon. The trade market is said to give slight promise of activity.

SIKI SUSPENSION LIFTED.

Paris, Feb. 13.—(By The A. P.)—The French Boxing Federation, on the occasion of its twentieth anniversary, today decided in favor of amnesty for all recent offenders.

The decision as regards Battling Siki annuls his suspension and allows him to apply for a new boxing license, which will be granted, but does not restore him to his championship title.

SPORT BRIEFS.

Cincinnati: Phil Bloom, New York, won newspaper decision over Jack Sheppard, Cincinnati, in 10 rounds.

Columbus: Lou Janita, Columbus flyweight, won judge's decision over Jimmy Katz, Toledo, in 12 rounds.

Philadelphia: George Cheney, Baltimore lightweight, outpointed Alex Hart, Cleveland, in eight-round bout.

NOTICE OF FARM FOR SALE.

The undersigned will offer at public sale at the front door of the Court House in the city of Zanesville, Ohio on the

3rd Day of March, 1923,

at 10 o'clock, a. m., the L. F. Krofftt farm, located eight miles west of Zanesville, on the National road, consisting of practically 150 acres with a twelve-roomed two-story brick house, three barns, new silo, and other out buildings. This farm is located in oil territory and is now under lease. This property will be sold at public auction to the highest responsible bidder on the above date.

Terms of sale: one-third cash, one-third in one year, and one-third in two years, deferred payments to be secured by mortgage on said premises.

TOLEDO BOWLERS ON ALLEYS TODAY

Chicago Man Is Named As Referee

Toledo, Feb. 13.—Toledo bowlers will monopolize the alleys in the Ohio State Bowling tournament here today. Seventeen Toledo quintets and one out of town team, the All-Ohio's of Cleveland, will occupy the alleys. There will be no competition in the doubles and singles division today.

A revised list of standings, made public last night showed the Stevenson-Earler team of Marion's P. C. to be in first place in the doubles with a score of 1239. This team bowled February 11.

Low scores featured the bowling yesterday. K. of C. Masters of Toledo rolled the largest score of the day in the five-man division with a total of 2692 pins, far below the leaders in this division.

In the doubles the Probaker-Wolton combination of Toledo, collected 1182 pins which landed them in fifth place in this event.

Other high scores in the doubles were:

MARDI GRAS RACE IS FEATURE TODAY

O. C. HOLDS MEETING.

New Orleans, La., Feb. 13.—The Business Men's Racing Association, 38-day winter meet, will end with the running of today's program, the feature of which is the \$5,000 Mardi Gras Handicap at a mile and three-sixteenths in which eighteen of the best horses racing here, have been entered.

The sport will shift tomorrow to Jefferson Park, to continue until March 17. Six races will be run daily. The \$10,000 Louisiana Derby will be the feature of the closing day.

The horses nominated to face the barrier in the Mardi Gras Handicap are: Setting Sun, Blarney Stone, Sir Thomas Kean, Rama, American Boy, Fantome, Olynthus, Royce, Reels, Copper Pennon, Irish Kiss, Rib Grass, Calcutta, Best Pal, Parader, Escarpolette, Jack Hare, Jr., Day Lily and Sulala.

Indications early today were, the track would be heavy.

High School Team Goes On Strike

FIVE RECRUITS ARE RELEASED

Bloomington, Feb. 13.—The entire basketball team of the High School here was replaced today following an alleged strike of the regular players last Friday night in a game here with the Sabina High School. The Bloomington team protested against the substitution of a referee it was said, and refused to play.

Money talks, but it doesn't always respond to an encore.

Biggest, Broadest, most commanding sale ever staged in this city now on in full swing---Entire stock reduced to less than cost!

EACH ITEM LISTED IS A BIG MONEY SAVER!

Public Sale

STORE OPEN EVERY EVENING DURING THIS PUBLIC SALE!

\$60,000 Stock of Shoes, Rubbers, Boots, Artics, Clothing, Underw'r, Furnishings, Sweaters Blankets, Army & Navy Goods Etc., Must Be Sacrificed and Sold Quickly Within 10 Days

I was asked here to sell this winter stock!

My business here is to sell this \$60,000 worth of high grade merchandise for The Newark Sales Co. This firm has given me a free reign to make lowest prices in order that this entire enormous winter stock may be sold out as rapidly as possible. You all very likely know by now the reason why this sale is imperative, all I will say is this: During all my many years of merchandising experience never before have I known of a single instance of such a backward season as this one. The Newark Sales Co. have informed me that never before in all the years of their business experience, have they ever been compelled to resort to such drastic actions, to dispose of their winter stock in order to make room for summer goods and to eliminate as much winter stock as possible prior to taking inventory. A fire could not burn down price tags as in this sale. This sale proved an instantaneous success. Folks who have attended it have profited to an amazing extent. Yes! It's the sale they have been waiting for. I am giving the greatest BARGAINS on the best merchandise. Believe every word in this advertisement, as nothing in this tremendous stock has escaped my "mark down pencil." Come expecting to find wonderful bargains.

YOU WILL NOT BE DISAPPOINTED. HURRY, SHARE IN THIS EXTRAORDINARY SALE EVENT

OLD ADVOCATE BUILDING

MEAT INDUSTRY BACK TO NORMAL

Ohio Division of Markets
Asserts Business Is
Rapidly Recovering
Old Prosperity.

Columbus, Feb. 12.—One industry which is getting back to normal in Ohio, as in the nation, is the meat business, both the packing and producing sides, said a statement today from the Ohio division of markets, which pointed out that

the state is among the leading meat producing sections of the country. "Nearly everybody eats meat," the statement continued. "It is one of the substantial articles of diet. Therefore, either directly or indirectly, all people have a concern with it, and it is affecting it as a basic industry."

"The return to normal conditions was first visibly and encouragingly noticed during last fall, particularly October of 1921. Once started on the upward trend, the journey has been in that direction since. The column of business, after the middle of last year, has grown steadily, although there have been some sharp price fluctuations."

"That such a condition exists is the more surprising, when consideration is given to some of the hampering influences which have been at work. The country during that year has been beset with industrial disturbances. These even now have sporadic recurrences in different places, all of which have a tendency to bear down on market conditions and make a return to normal more difficult. They have curtailed seriously the manufacture and distribution of meat products and somewhat reduced consumption, through the large number of men out of employment. Building activities, however, have increased, giving work to thousands of men, and this has offset the other to some extent."

"The total volume of business in Ohio and throughout the country would, undoubtedly have been larger, except for a falling off in exports, due to a decrease in the purchasing power of European currency. However, business in October of last year was heavier than in any month since 1920."

WOMEN SCORE SOLONS FOR ACTION ON BILL

Toledo, Feb. 12.—Action of the Ohio legislature in side tracking the minimum wage bill for women is scored in letters to members of the senate from the Ohio Council on Women and Children in Industry. The legislative committee on labor voted to substitute a resolution providing for a fact-finding committee for the wage measure. "It seems rather expensive to form fact-finding agencies then entirely disregard their findings and finance special committees," said the letter, which was signed by Amy G. Maher, chairman.

Such facts as are necessary to passage of a minimum wage law are available now, she asserted, in government, state and private reports. "There are those of us," she declared, "who, in spite of the committee's action, still have faith that the legislators of Ohio will refuse to be a party a second time to this evasion."

Marriage may be a spur to some men, but it causes others to drift with the tide.

PRISON CONFERENCE TO MEET IN OBERLIN

Oberlin, Feb. 12.—Delegates to the Conference on Prison Conditions in Ohio, to be held here Feb. 15, 16 and 17, will be entertained free in private homes. It has been announced by Mrs. Kemper Fullerton, chairman of the sub-committee on local arrangements. Entertainment will include lodging and breakfast, but requests for reservations must be sent in advance to Mrs. Fullerton.

"Purpose of Imprisonment." "What the Present System Accomplishes," Probation in Practice, "The Prison Labor Problem," and "Next Steps in Ohio," are some of the subjects to be discussed.

"The purpose of this conference is to make effective, through intelligent, organized public opinion, the administration of our penal system, which because of prevailing popular ignorance and lack of interest, has failed to keep up with the best thought and practice, and often has retarded rather than promoted the ends of justice," says the conference program.

They Combat the Film

Those people you see everywhere
with whiter, cleaner, safer teeth

Go now and ask for this delightful test. Learn how easy it is to fight film on teeth.

You see glistening teeth wherever you look today. Learn how people get them.

There is now a new method of teeth cleaning which millions have adopted. Dentists the world over now advise it. Careful people of some 50 nations now employ it daily. Find out what they know.

That dingy film

That vicious film you feel on teeth is their great enemy. It clings to teeth, enters crevices and stays.

Food stains, etc., discolor it, then it forms dingy coats. Tartar is based on film. That's why teeth lose luster.

Film also holds food substance which ferments and forms acid. It holds the acid

in contact with the teeth to cause decay. That's why few escaped tooth troubles.

Germs breed in film by millions. They, with tartar, are the chief cause of pyorrhea. Also of other serious troubles.

Old ways inadequate

No ordinary tooth paste effectively combats film. So the tooth brush left much film intact.

Dental science has now found two ways to fight that film. One acts to curdle film, one to remove it, and with one no harmful scouring.

Able authorities proved these methods effective. Then a new-type tooth paste was created, based on modern research. Those two film

combatants were embodied in it for daily application.

That tooth paste is called Pepsodent. To millions of homes the world over it is bringing a new dental era.

Other new effects

Pepsodent does other things which research proves essential. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Thus Pepsodent gives manifold power to these great natural tooth-protecting agents.

New beauty comes

See what new beauty comes from whiter teeth. Learn the new daintiness that comes from cleaner teeth. You will be amazed and delighted.

Go get this free tube. Note how clean the teeth feel after using. Mark the absence of the vicious film. See how teeth whiten as the film-coats disappear.

You will want those results continued for everyone in your home. Cut out the coupon now.

10-Day Tube Free

This week only at your store

Insert your name and address, then present this coupon this week to any store named below. You will be presented with a 10-Day Tube of Pepsodent.

If you live out of town, mail coupon to The Pepsodent Company, 1104 So. Wabash Avenue, Chicago, and tube will be sent by mail.

Avoid Harmful Grit
Pepsodent curdles the film and removes it without harmful scouring. Its polishing agent is far softer than enamel. Never use a film combatant which contains harsh grit.

Some 50 nations
use it now

This is part of a world-wide crusade for better tooth protection. Pepsodent is now used in homes of some 50 nations, largely by dental advice.

A Bible Thought for Today

SING AND REJOICE:—Sing, O heavens; and be joyful, O earth; and break forth into singing; O mountains, for the Lord hath comforted his people, and will have mercy upon his afflicted.—Isaiah 49:13

FOURTEEN PAGES TODAY.

THE PRESIDENT AND CONGRESS.

The United States government for the past two years has presented a most peculiar spectacle, and one strangely in contrast with the Wilson administration.

The theory of the government is that there shall be a lawmaking power and an executive power. It is the business of the first to make the laws, and of the second to enforce them. Manifestly if these two forces decline to work together, they are not going to accomplish much.

Under the Wilson administration these two forces worked together splendidly. They accomplished a very remarkable body of progressive legislation. It was a great period of evolution and development. But there came a fatal time in 1918 when the American people got "cold feet," and elected an opposition congress. Ever since that time, affairs have gone all criss-cross.

For various reasons, the president and congress have not been able to work together. The country gave the Republicans full and undisputed control in 1920 by a tremendous majority. They had no excuses for non-performance. Everything was in their hands. Yet for some reason or other they could not function.

President Harding has set forth his opinion on many subjects and asked for the support of congress, but he does not get it. He is thwarted and hampered at every turn. Whether it is his own fault, or the fault of congress, does not much matter. The fact remains that this jarring and jangling prevents the people from getting the results they demand.

Probably both president and the congress are at fault. The president fails to exercise strong leadership and congress is playing politics. It was not strange, considering how factional controversy has stayed the progress of the country, that the elections of 1922 were adverse to the Republican party.

THE STORY OF CRANBERRIES.

An exceedingly interesting test of the value of advertising has been made during recent years by the producers of cranberries. During the 10 years from 1906 to 1916, the consumption of cranberries increased 200,000 barrels, but consumption was small and growers were hard pressed to meet expenses.

That year the American Cranberry exchange started advertising in Chicago. By the close of the season the sales in Chicago were 47 per cent more than in 1915, 27 per cent more than in 1914 and 57 per cent more than in 1913. At the same time in New York, Boston, Philadelphia, Pittsburgh, Buffalo and Cleveland, where no advertising was done, there were decreases in sales running from one to 37 per cent.

In 1918 the first national advertising campaign on cranberries was attempted. It was a bad year to boom the trade. The mild fall and winter was considered detrimental to consumption. The regulation of sugar at that time was an unfavorable factor. It was the general opinion that cranberries would not sell.

But the advertising worked wonders. It began in the United States, October 15. A broker wrote October 25: "The brokers seem to have it in their heads that cranberries are not going to sell here to any extent." On December 4 this broker telegraphed: "Jobbers all out of cranberries. Can't you possibly divert or ship car?" So the story came from many places, and on this unfavorable year cranberries sold better than ever before.

The net result of the campaign was to increase consumption to a point where the increased production was inadequate for the demand, and the cost of marketing has been reduced to a minimum.

Any business man ought to learn from such experience that his production and sales can be greatly increased if he will push his goods with printer's ink.

Answers To Your Questions.

(Any reader can get the answer to any question by writing the Advocate Information Bureau, Frederic J. Haskin, director, Washington, D. C. This offer applies strictly to information, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake extensive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cent stamps for return postage. All replies are sent direct to the inquirer.)

Q. How can I estimate the number of tons of ice that can be cut on a pond? H. F. C.

A. It depends upon the thickness of the ice. When the ice is 8 inches thick, it will make 12.5 cakes 22 x 22 inches to make a ton. If the ice is 10 inches thick, it will make 10 square feet of cutting space. If the ice is only four inches thick, it will take 105.6 square feet to yield a ton of ice. There will be 31.5 cakes.

Q. When was the pipeline for transporting oil first used? A. General S. D. Karns, of Parkersburg, W. Va., first suggested pipelines in 1860 but they were not developed and successfully operated until 10 years later.

Q. How long did America fight in the War? T. A.

A. The American participation in the World war was 19 months. They had 209 day of battle.

Q. When was the piano invented? F. K.

A. The first true pianoforte, as now understood by that term, was invented by Bartolomeo Cristofori, a Paduan harrischord maker, in Florence about 1690. There are two grand pianos still in existence made by Cristofori, and dated respectively 1720 and 1726.

Q. Which is the coldest month of the year in the United States? L. O.

A. The Weather Bureau says that January is usually the coldest month of the year. The coldest weather occurs in the northern parts of North Dakota and Minnesota where the average temperature for the month is about zero, while the warmest January is found in southern Florida with an average of 60 degrees F.

Q. Is there such a thing as a "thunder and lightning snake"? J. N. S.

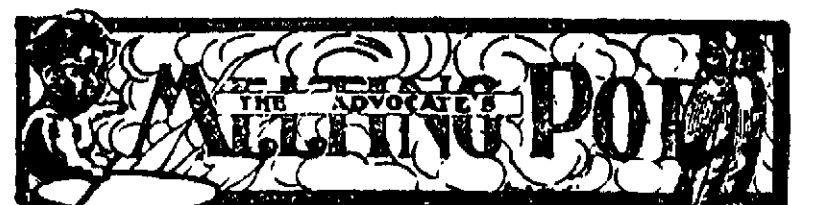

A. The pine snake, or bull snake, prevalent in the pine cord coastal region from New Jersey southward, in some localities is known as the "thunder and lightning snake."

Q. What is the smallest country? A. C. O.

A. The republic of San Marino is regarded as the smallest country in the world. It is in the peninsula of Italy near the Atlantic coast. Its area is 25 square miles; its population in 1910 was 10,489.

Q. What is meant by a brace same? D. T. E.

A. This is a card term given to a conspiracy between the dealer and croupier to cheat the player when they're the croupier at Faro, when cards really got an unsightly liver.

Gluttony and drunkenness have two evils attendant upon them; they make the carcass smart as well as the jacket.—Antoninus.

All Trussed Up.
To be all bundled up, my dear,
Just like a mummy, how one loathes;
I earnestly wish spring were here,
For I so hate my winter clothes.

Authentic Testimony.
Aunt Caline says: Yesterday I went over to the Personage to help Mis Talker get out a comfort which she was gratefully in knead of a whilst I wore there. The said Personage was an ast to sea the pasture. I were a setting where I could not vary help help her an' Tite says, "Mr. Talker," says he, "I want to call your attention to the condition of a family which is a member of your flock," he says, "The father's health is terrible and the mother's not well besides having a child. They're staying an' the oner of the house they're in is a threatening to put them out in the street unless they pay their rent, which they can't nowadays do if the church don't help them, which it now amounts to twenty-five dollars," says he. "Why this is terrible," says he. "I sure do," "Do you no this to be true?" says he. "I sure do," "Thee says, 'no better,'" says he, "For I'm the landlord," he says.

Evidence Conclusive.
The world, the flesh and the devil, we are assured by the directors of the Anti-Saloon League of New York, have been after they've got him.—Ohio State Journal.

Paradox.
We've worked with this and prayed with that,
But all our humor seems to be a
Why is it, when our wits are fat
Our jokes are thin?
—Ted Robinson in Cleveland Plain Dealer.

Look Out.
They make us windows for to see,
And then we often find
Next thing they do, my goodness me,
Is make the window blind.

Did You Know?
That there are three distinct classes of printing presses? First, there is the ordinary job press which is used for printing cards, letter-heads and other small matter; second, the cylinder press in which the type is placed on a flat bed having a lateral movement and the paper on a cylinder the type is cast into a cylinder in this press the paper is in a continuous roll, passes between the stereotype cylinder and another roller. The paper is fed into the press automatically and is automatically cut, folded and counted. The largest perfecting presses can print 300,000 copies of an eight-page paper an hour.

STAGE and SCREEN

ALICE BRADY IN "ANNA ASCENDS"
Alice Brady fills six different jobs in her latest Paramount production, "Anna Ascends," which opens at the Auditorium theater for a 3 days showing, beginning tomorrow. In this picture Miss Brady is seen as a waitress in a New York coffee house, a factory girl, a shop girl, a printer's apprentice, stenographer and an author.

BIG BILL AT THE ALHAMBRA THEATER
Owing to the great success of "What's Wrong With the Women?" at the Auditorium Sunday, the entire show, including the quartet that appeared as an added feature, was moved to the Alhambra. This clever quartet of singers appear at 8:30 in the afternoon and 7:35 and 9:15 at night.

AMATEUR NIGHT AT THE AUDITORIUM
The Auditorium has arranged a big special amateur contest in conjunction with its picture program to take place tomorrow evening. Between shows. So far the following names have been entered: The Stanleys, entertainers; Iva Barclay, Lancashire and Waltz, clog dancing etc.; Irma Hersberg, Domino and Juliet monologue; Landes and Coogler, A Riot of Fun; Ray Kindle, musician and singer; Ruth Fulmer and Bud Rider; Dorothy Decker, impersonator.

HUMOR BIG FACTOR IN "THIRD ALARM"
Humor of the fine, wholesome brand one associates with the work of the writers as Booth Tarkington and George Ade in a vital ingredient of "Third Alarm," Emory Johnson's magnificent heart drama of firemen and their lives playing a return engagement at the Grand C. Johnson, with the keen showmanship that is reflected in all of his productions, has provided any number of tingling thrills in his latest and greatest opus but he has not lost sight of humor and tenderer

"FLESH AND BLOOD"
Lon Chaney in "Flesh and Blood" ends its engagement in Newark to day at the Gem theater. Jack Mulhall is also seen in the production.

MARY PICKFORD AT GEM WEDNESDAY
Wednesday and Thursday, Mary Pickford will be featured at the Gem theater in "Polyana."

A Little Fun
"I think I should have named my boy 'Flanner,'" said Mrs. Binks. "Even I've asked and her name is cause answered Mrs. Binks. 'He shinks from washing.'"—Pathfind.

The man with the long beard and the man with the two wooden legs were enticed in some sort of dicker. "Whatcha doin?" asked an inquisitive stranger of the bearded man. "Trading that legless feller my own. He's on trouble locating that necktie."—Farm Life.

"Papa, what is a pedestrian?"
"An individual, my son, that is always found in front of automobiles."—Le Rire (Paris).

Absent-minded Professor. To secretary—"I have memorandum of an engagement for today at 12 o'clock sharp can you remember what it is?" Secretary—"Why, that is the time when you are to be married." Professor—"Oh, yes, now I recall it."—Pathfinder.

Office Boy anxious to go to football match—"May I have the afternoon off?" "Yes, my friend," Employer says. "You have the afternoon off." "Your grandmother died last week," Office Boy—"Yes, sir, but my grandmother's getting married again this afternoon."—Punch.

The old-fashioned woman used to have a pocket in her dress that she never could find, but the modern girl who wears the top of her stocking never has no trouble locating that pocket.

They met and danced, and danced again, and after the eighth or ninth, she asked the charmer, "Why is that Gloomy Gus over there? He's been following us around all evening, and sometimes I thought he was catching up with us. I'd like to know, son."

"Oh, that," said the charmer, "Don't bother about him. He's only the fellow that paid my way in."—Argonaut.

THEY CALLED HIM AN "OLD PILL"
THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a "couch" believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

RED JACKET (Sa-go-ye-wa-tha)
This renowned Indian Chief of the Seneca was born on the Reservation near Buffalo, N. Y., where his people still live. They were gathered of herbs from which they made medicines of great curative powers. Fifty years ago, Dr. R. V. Pierce discovered how to extract the medicinal properties from the herbs as used by the Indians and how to make a remedy which would reach worn-out tissues and make good rich blood. This is called his Golden Medical Discovery. It is purely herbal, unequalled as a tonic.

Loosen Up That Cold With Musterole
Have Musterole handy when a cold starts. It has all the advantages of grandmother's mustard plaster WITHOUT the blister. You just apply it with the fingers. First you feel a warm tingle as the healing ointment penetrates the pores, then comes a soothing, cooling sensation and quick relief.

Made of pure oil of mustard and other simple ingredients, Musterole is recommended by many famous doctors. Try Musterole for bronchitis, sore throat, stiff neck, pleurisy, rheumatism, lumbago, cramp, asthma, neuralgia, congestion, pains and aches of the back or joints, sore muscles, sprains, bruises, chilblains, frost-bite, colds of the chest. It may prevent pneumonia and "flu." 35c and 65c, jars and tubes.

THE NEWARK ADVOCATE

DEMAND FOR BIBLES GROW

Every Country in World Seems to Want Copy of Scriptures

American Bible Society Plan to Distribute Five Million Copies

(By FREDERIC J. HASKIN)

Washington, D. C. Feb. 13.—Printing presses have been running overtime ever since the close of the year. One explanation of this extraordinary activity will be readily enough to everyone—presses had to be busy in order to turn out the tremendous volume of paper money required by Germany, Russia and the other countries with rapidly depreciated currencies. Another explanation that is nearer the real one would be the last one to suggest itself to the average person—the unprecedented demand for copies of the Bible.

This demand comes from every country in the world, with China at the head of the list. Last year approximately 20,000,000 Bibles were distributed among the peoples of all lands and climes, and this year it is expected that the distribution will far exceed that figure.

One organization alone, the American Bible society, has plans that contemplate the distribution of at least 5,000,000 and possibly 6,000,000 copies, and its officials say that even at that they will be unable to meet the demands that will be made upon them. Recently the society placed the largest single order for Bibles known in the history of the Book—order for 3,000,000 copies of six separate volumes of the Scriptures.

These tiny volumes will be turned out on huge rotary presses at the rate of 10,000 copies an hour. It is a far cry from production of that sort back to the days of the printing of the first Bible, called the Mazarin Bible, on movable block types took about five years from 1450 to 1455. It marks amazing progress in the printing craft, but of far greater significance is the fact that the book first to be printed has always been the most greatly needed in the world.

And yet with a distribution of 30,000,000 copies in a single year there are not enough to furnish a copy for every newborn child that comes into the world in a twelve-month while if all the Bibles that have been printed since the days of Gutenberg had been preserved and could be sufficient to furnish a copy for every man, woman and child in the world.

It is not generally known that the Bible is now published in 770 different languages and dialects, and that the work of translating it into strange tongues is being rushed by committees of clerics in all parts of the world. The work of preparing it for the use of the common people is done with the utmost care and by the best scholars obtainable for the task in hand. It is never done by one man, but by a committee, the idea being that discussions of mooted questions of meaning would eliminate many of the possibilities of vagueness in the translation. Each man takes one of the books of the Bible and translates it and then in the end the group of men go over the work of all.

Many problems arise in this work because words used in the original meanings of the Bible are not to be found in the languages of the world. Words which have no meaning in the original are translated. For example, take the Eskimo language. The ancient Hebrews were a pastoral people and their language had no words for sheep, goats, and such animals are frequent in the Bible. The Eskimos, dwelling among the eternal snows, were familiar enough with polar bears, reindeer, walrus and seal, but had never seen nor heard of sheep or lambs and had no words for them in their language, nor any word that would convey the meaning of the word, sheep, or lamb, or many other things.

In the circumstances, consider the difficulties of the translators when called upon to change into Eskimo the 23rd verse of the first chapter of St. Luke's gospel which reads: "The next day John seeth Jesus coming unto him, and saith, Behold the Lamb of God, which taketh away the sin of the world."

The nearest word to "Lamb" in the Eskimo tongue was "Baby Seal," so that the Eskimo text, when rendered back into English, actually reads "Behold the Baby Seal of God, which taketh away the sins of the world."

Many revisions of old translations have been made within the last year to the end that the influence of the Bible may be even stronger in countries where its teachings have been studied for centuries. Thus a committee of scholars under the leadership of the Rev. Henry C. Thomson, completed the revision of the Spanish New Testament and the Portuguese Bible is undergoing the same study.

Even the Zulus, who are fierce and savage, have made such progress with the Bible that the first translation made for them is being revised.

Almost half of the Bibles distributed by the American Bible society during the past two years have gone into China. In 1921 the Chinese took more than 2,300,000 volumes, an increase of over 50 per cent as compared with the preceding year, and incomplete returns on the distribution for 1922 indicate that the total for China will be much higher than ever before.

Although the Chinese is one of the most intricate and varied of all the great languages of the world, scholars have translated the Bible into more than 25 dialects of that tongue. The work of translating the Bible into the colloquisms of the various sections of the country, debate over intricate shades of meaning, and finally the long process of printing and distributing.

In China large part of the Scriptures have been issued in the phonetic script for distribution among the people.

CHILDREN'S MUSTEROLE—MILD
So handy to have in the house for emergency use.
That's what mothers say of a jar of CHILDREN'S MUSTEROLE.
They go for it and apply the clean, white, soothing ointment for the quick relief of colds, croup, pains that babies and small children contract so frequently.

CHILDREN'S MUSTEROLE is good old MUSTEROLE in a milder form for use especially on infants and small children. It contains no cayenne, no irritants, no harmful drugs in chest (it may prevent pneumonia), congestion, croup and colds, soothes the inflamed membranes, soothes swollen glands, bruises and soreness following falls and most local aches and pains.

It comes to you ready to apply. The price is so small—35c a jar—that no mother can afford to be without it. At all druggists.

Better than a mustard plaster

illiterate, the aged and the children. The use of the phonetic is fostered by the governments there, and it is used in the government schools. For Japan the Bible is published in about 15 dialects for the native language and for those who have gone into that country from other lands.

Not only is the Bible being made available for people of all languages and dialects, but the needs of those who cannot see are considered and supplied, and Bibles for the blind are printed in 12 different systems. For those persons who learned to read under the old Mexican system for the blind, the Society imports from England a set of 58 tones costing \$237. But the price to the blind man is not that prohibitive figure. He pays one dollar for each volume, and the rest is paid out of the funds of the Society in the belief that few blind men would be able to read the Bible if they had to pay the full price.

The latest of the Bibles for the blind is issued in Braille and consists of 19 volumes, which weigh about 150 pounds and fill a 17-foot shelf. The cost of production is \$75, but in this case also reductions are made in the price to the blind. Selected passages from the Bible have also been published in a small book which can be carried in the coat pocket.

Not the least curious and interesting of the Bibles that are distributed is one that is described as "perfumed, peppered, and poisoned." It is intended for the lands where vicious insects and worms get into the backs of books and eat the glue so that the volumes fall to pieces. Sentinels were called in and they devised a mixture containing oil of cloves, cayenne pepper and corrosive sublimate, a murderous combination for the vitals of such "bookworms."

—TUFF MUFFLE SNORES.
The outlook for the early morning rooster is dreary. Likewise persons with foghorn snores. Berkeley, California's anti-noise ordinance prohibits: "The persistent maintaining or emission of a sound produced by human, animal or mechanical means between the hours of 9 p. m. and 7 a. m., which by reason of its raucous and nerve-racking nature shall disturb the peace and quietude or be injurious to the health of any person or persons."

Don't Catch FLU
Keep all the membranes of nose, throat, lungs healthy and free from germs by breathing HYOMEI. It kills germs. Don't have colds, catarrh—just

—breathe Hyomei

Each member of the family should have and use a HYOMEI outfit of liquid rubber inhaler, hard, gauze, direct, tubes, etc. Pleasant effective. Satisfaction guaranteed or money back. Sold by all druggists.

The Third Alarm
Starring Ralph Lewis. Supported by Johnny Walker, Ella Mae Virginia, True Boardman, Josephine Adair, Frankie Lee.

This picture made such a fine impression with Newark theater goers here three weeks ago that it was impossible to accommodate the crowds during its four day showing. This fact, coupled with the requests of a large number of people who were unable to attend the first showings prompted the management of the Grand to play this return engagement.

IF YOU HAVEN'T SEEN IT, DON'T MISS IT
It's a feast of thrills, drama and humor. NOTE: Attend a matinee showing if possible to avoid the evening crowd.

THE WOMAN'S PAGE

A pretty afternoon bridge party was given by Mrs. R. A. Gulick at her home in Hudson avenue Monday. The rooms were attractively arranged with flowers and the guests played at six tables. Favors for the game were given Mrs. George Flory, Mrs. William Pettibone and Mrs. Clay Van Voorhis.

The only out of town guest was Mrs. Frank Flebeger, mother of Mrs. Gulick from Akron.

Mrs. Herbert Nell will entertain the members of the L. K. K. club Wednesday afternoon at her home in Orchard street.

Miss Eva MacDonald will entertain the members of the Research club with a Valentine party Saturday afternoon at her home in East Main street.

The White Carnation Needle club will entertain with a Valentine party Wednesday evening at the home of Miss Pauline Glassmeier in 132 South Second street. As a part of the program each guest will bring a comic valentine.

Mrs. Joseph Lanning entertained the members of the Sunshine club and a few guests at her home in East Main street Friday night. The evening was devoted to contests and the prizes were awarded Mrs. Hugh Friel, and Miss Helen Bush. Dinner was served, the dining room being decorated suggestive of Lincoln's birthday, the centerpiece being a miniature log cabin. Small silk flags were given to the following members: Mrs. John Ballenger, Mrs. John Bush, Mrs. Hugh Friel, Mrs. Charles Lott, and the guests, Mrs. Leo Meyers and son James of Zanesville, Mrs. Edward Grimes, Miss Helen Bush, Miss Florence McCurric, Mrs. Francis McCurric and Margaret and Betty Lanning.

The next meeting will be held at the home of Mrs. Frank Jakes in North Morris street, Friday, February twenty-third.

Mrs. Harry Lytle is entertaining the members of her card club at her home in Granville today.

Most attractive was the display of Japanese art at the meeting of the Monday Talks in the assembly room of the public library yesterday. The display was arranged as illustrative of two exceptionally interesting papers. One on "Japanese Art" was written by Mrs. Charles P. Clark of Erie, Pa., and was read before the Monday Talks of that city. Mrs. William Hamilton secured the paper and it was read yesterday by Mrs. Frank Sprague. Mrs. Charles Oakley spoke on "Japan and Her Policy."

Next week's meeting will be at the Trinity parish house and Professor E. P. Johnson of Denison will lecture and music will be arranged by Ralph Allen. Each member is privileged to bring guests.

Mrs. Ada C. Ditter is entertaining the members of the Jolly Twenty-four club at her home in North Cedar street, Thursday afternoon.

The members of the Dorcas Bible class of the Central Church of Christ will meet at the church Thursday afternoon at one-thirty o'clock. An interesting program has been arranged.

Mrs. A. B. Krebs will entertain the members of the East Newark division of St. Paul's Lutheran church at her home in 94 Gay street, Thursday evening.

Roses and narcissus were used at the Pickup home in Hudson avenue Monday evening when Mr. and Mrs. George E. Pickup entertained at bridge.

Seven tables were arranged for the players and the favors for the game were awarded Mrs. E. C. Wright, Mrs. W. C. Miller, Mr. Howard Rugg and Dr. Lewis Mitchell. The only out of town guest was Miss Marian Burkholder of Columbus. Cecil Lingafelter of Columbus.

"The Wedding of the Fairies" will be a delightful innovation at the members of the East Newark division of St. Paul's Lutheran church, Wednesday evening.

At six-thirty o'clock this morning at St. Francis de Sales church, Rev. Father B. M. O'Boyle solemnized the marriage of Miss Margaret E. McNerney and Mr. Francis Cecil Lingafelter of Columbus. The high altar was decorated with flowers and candles and the nuptial high mass was solemnized by Father O'Boyle. The attendants were Mr. and Mrs. Bernard Fallon. A wedding breakfast was served at the home of the bride in Dewey avenue. Mr. and Mrs. Lingafelter will reside in Columbus. Mr. Lingafelter was recently graduated from the law school at Ohio State University.

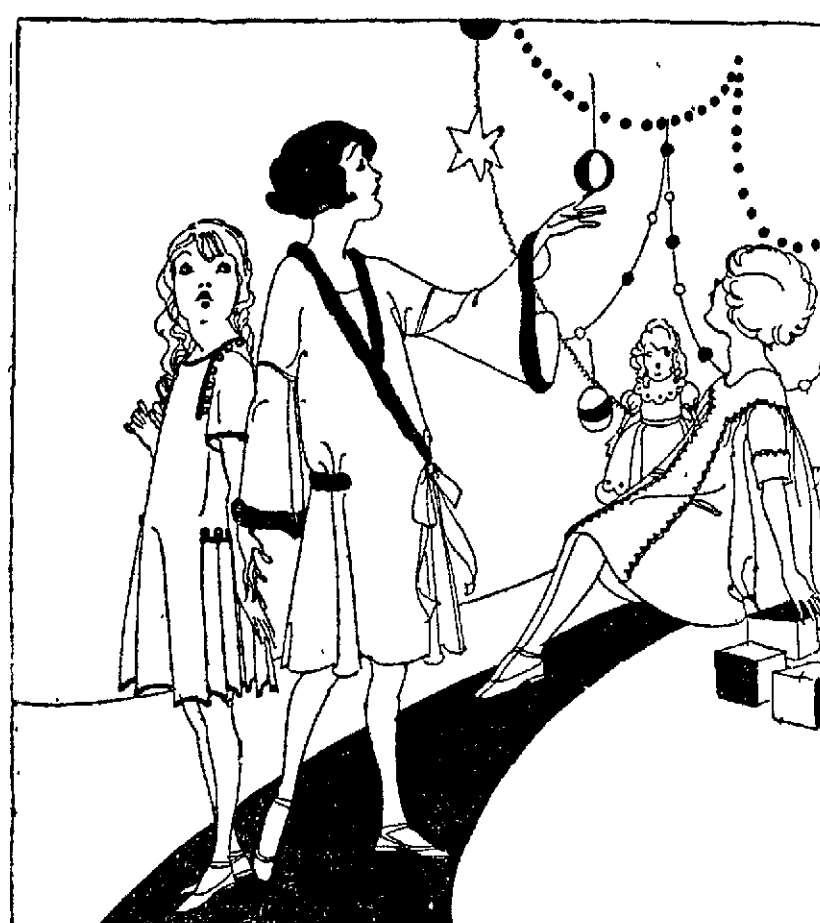

FROM MOTHER'S COOK BOOK

CASSEROLE OF LAMB
2 lbs. fore quarter lamb
3 tablespoons bacon fat or drippings
4 tablespoons flour
2 cups stock or 1 cup water
1 cup tomato
1-2 cup carrot strips
12 small onions
1-2 cup turnip cubes
1-2 teaspoon salt
1-8 teaspoon pepper
Wipe and cut the lean part of the lamb from fat and bone. Place bones in 3 cups cold water and cook as long a time as possible. This is the liquid called "stock" in the above recipe. Cut the lean meat in small pieces and fry until brown in the fat. Place the fried meat in a casserole. To fat remaining in pan, add flour and brown; then add stock and cook until smooth and thickened; strain over the meat in casserole.

Parboil for 10 minutes the carrot, turnip and onions. Add to casserole season with salt and pepper, cover and cook in oven one hour. Serve in casserole.

BORROWED FROM THE ORIENT.
Some of the most elaborate pajamas are of Paisley silk in dull, rich shades, combined with hand-painted of Persian blue velvet.

AWKWARD AGE VANISHES

CONTRIBUTED BY M. CALLES

Once there was what was known as the "awkward age" for growing girls.

It was a period of physical lankiness and mental distress. Certain serious-minded designers decided to eliminate this age with

pretty clothes. Such is the explanation of the attractiveness of the modern young girl's raiment.

Here are three of this winter's fashions, featuring side pleats, panel front and V-shaped neck. Wool jersey, wool crepe and flannel are the materials used.

The One-Man Woman

(By RUTH AGNES ABELING.)

CHAPTER 54 THE INITIALS AGAIN

"Haven't heard anything regarding the picture?" It was several days after Kate had found the photograph of the stranger in the room which Alice had occupied, that Justin Parsons brought the subject up again.

"Glad the little kid didn't know anything about it," he continued. "I'm fond of the youngster. I'd hate to have her get into trouble for giving anyone's secrets away."

Justin was smiling but he meant what he said more than one might have thought. Dorothy had walked straight into his heart when she walked through the gate of his yard. And Monk, following his master's lead, had accepted her as his special charge.

"I'm glad, too," Kate glanced up from the paper she was reading. "Wouldn't it be nice if she could remain here always?"

Kate continued to read, carelessly scanning the columns until her eye fell on a short story, evidently so unimportant that it had been dropped into the bottom of the column without a head.

A man had dropped dead while walking the main street of Terre Haute. He had not been identified. The last line of the story held Kate's attention.

"The monogram on his cuff links," Kate read the words aloud. "Only jewelry he wore, is 'J. D. G.'"

They fascinated her. She went back over the story for some further hint. Strangely, there was nothing, not even a description of the man's personal appearance.

"What is it, Katie?" Justin Parsons had been watching his daughter's face.

Kate told him. "And the initials given here," she finished, "are the same as those on the back of the picture I found in my room after Alice had gone."

"Strange was Justin's only comment. "I must see the body, father."

Kate spoke with a conviction. Then,

in a voice less sure, "But after I do see it—and I find that it is the face which is photographed here—then what?"

She couldn't go to Alice and question her—she knew that—for, after all, it was not her affair, and she shouldn't have kept the picture.

A motor sounded in the distance. Kate looked down the road.

A roadster appeared around the bend. Kate recognized the car of James Latham.

(To Be Continued)
(Copyright, 1923, NEA Service)

FOR CHILDREN.
Children's rompers of crepe de chine or pussy willow come in delicate pinks and blues, and are smocked, feather stitched, or embroidered in very simple patterns.

VANITY CASES
Vanity boxes and rouge sticks are very attractive in gold, enameled in light colors, or in gold or silver studded with corals, pearls, or other stones.

FANCY BLOUSES
Blouses of gold and silver cloth are now making their appearance, headed with metal or colored beads. They are worn with the more elaborate coat suits to complete the costume.

PARIAN SWEETS
Use equal quantities of figs, dates, prunes and nuts. Raisins may be added and the nuts omitted. Put through a food chopper. Mix wet and roll in a little powdered sugar or grated coconut.

SOCIAL EVENTS MUST HAVE FULL NAMES

In the future no accounts of social events will be used unless the full name, which means the first name or initials as well as the family name, is used.

Personal

Mr. and Mrs. Frank Douce of Columbus were among the out of town visitors at the Elks minstrels last night.

Sylvester Gainer of Cincinnati is spending a few days at his home in North Fourth street.

CORSAGES.
Elaborate corsages bouquets are seen in the shops and offer an easy way to refresh a gown that is on plain, good lines. A rose of emerald green velvet, the petals of which are outlined with brown fur, is one of the most unique offerings.

MAROON OR BLACK.
One of the new coat suits for spring is made of wide-striped kasha cloth in black and white and is trimmed with maroon-colored satin. With it is worn a turban of maroon. A handbag of the same is provided.

FLATTERING COLLARS.
Upspringing ruffs of tulle or tulle are seen on many of the newest frocks. This softens the line about the back of the neck and is more flattering than the severe line.

SUEDE HATS
The newest hats for children are of suede, embroidered or fringed. Sometimes a scarf of suede is sold with the hat.

NEGLIGEEES.
Attractive negligees of blue satin are lined with gold cloth and bound with blue maribou.

WEEK'S CALENDAR

Tuesday
Miss Sarah Buckingham entertains the Tuesday Afternoon Bridge club at Ye Buxton Inn.

The Moundbuilders' Country club entertains with a bridge party for members.

The Catholic Ladies of Columbus hall.

Mrs. Emily Stoolfire entertains the Silent Circle of the King's Daughters with a dinner and Valentine party.

Mrs. Harry Lytle is hostess to the members of her card club at her home in Granville.

Wednesday
Newark Chapter, Eastern Star entertains with a Valentine dancing party at Masonic Temple.

White Carnation Needle club meets with Miss Pauline Glassmeier.

The Woman's Guild of the First M. E. church meets in the church.

Miss Pauline Glassmeier entertains the White Carnation Needle club with a Valentine party.

Mrs. Herbert Nell entertains the L. K. K. club.

Mrs. Herman Stumpson entertains the members of her church club.

The Pastime Sewing Circle is entertained by Miss Evelyn Richardson.

The Women's Music club presents Miss Ora Delpha Lane, violinist, in recital at Taylor hall.

Mrs. Ada C. Ditter is hostess to the members of the Jolly Twenty-four club.

The Dorcas Bible class of the Central Church of Christ meets at the church.

Mrs. A. B. Krebs entertains the East Newark division of St. Paul's Lutheran church.

Friday
The Licking County Women's Democratic club meets at the headquarters.

The Missionary Federation of the Central Church of Christ meets in the church.

Miss Eva MacDonald entertains the Research club with a Valentine party.

Monday
The Monday Talks meet in the Trinity Parish house.

COLORS BLAZE IN SEASON'S FROCKS

Some gowns this season seem veritable blazes of color! Figured wool broadcases in self-tone or in two-color combinations, wool matelasses, wool jacquards, metallic velvets, and gay gipsy-colored crepes are used for the smartest of costumes. The new Jacquete, when it is made of Paisley or braid embroidered, could not be rivaled by the famous Jacob's coat of many colors. Choose the brilliant primary colors, the most bizarre of design, and you have the raison d'être for any garment this season.

FOR THE BOUDOIR.
Beside the regulation satin and lace-trimmed mules to which we have become accustomed, this season we find elaborate ones of brocade metal cloth, and of Chinese and oriental embroidery.

How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare.

Pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several elements that have a remarkable effect in soothing and healing the membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pine in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. You make a full pint—more than you can buy ready-made for three times the money. It is pure, good and tastes very pleasant.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. Pine is the same—inflamed membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon cough.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pine" with directions, and don't accept anything else. Your throat and chest will be absolutely satisfied or money refunded.

No Corn Too Tough for "Gets-It"

It's just wonderful! "Gets-It" ends corns and callouses. Put a few on.

Gets-It

Sold in this city by Arcade Drug Store.

Strikes at Seat of Indigestion

Dr. Jackson's Bile Beans and Liver Powder Quicken the Stomach's Action.

Usually the first dose banishes attacks of acute indigestion because it is a powder and immediately dissolved in the stomach and rendered ready for action. In ordinary cases of indigestion, such as heartburn, sour stomach, gas, bloating and similar evils, a single dose often brings relief.

Most firms sell for 50c and \$1.00. If not satisfied with results after using the first box, your money will be cheerfully refunded.

Write to Jackson Medicine Co., Zanesville, O., for free sample.

Evans' Drug Store.

TODAY'S BEAUTY TALK

Beautiful hair, thick and lustrous is easy to have if you use Pursey's hair cream. It's a restorative to dry, dandruff, excess oil and itching scalp. T. J. Evans guarantees it.

GETS 62 PATENTS FOR WIRELESS

New York Radio Engineer Perfects Many Improvements For Broadcasting

Modulation System Is Used By Nearly Every Big Broadcasting Station

New York, Feb. 13.—In less than nine years, Raymond A. Heising, noted radio engineer, has obtained 62 patents on various inventions for the development of radio.

That is the accomplishment of

Raymond A. Heising

the farmer boy who came out of the wheat belt of North Dakota, swung a pick in a section gang and finally developed into one of the leading engineers and inventors in the radio field.

Heising now is a radio engineer in the research laboratories of the Western Electric Company. He is 35, still typically a northwesterner and a farmer, still putting about in his garden during the spring and summer months.

Eighteen years ago, Heising's aspirations lay in railroad time. On his graduation from high school he went to work with a section gang for a northwestern road and later was promoted to towerman. There his curiosity about telegraph lines, he was fired.

That started Heising on his course through college, working at odd jobs meantime to earn his way. North Dakota State University graduated him in 1912 with the degree of elec-

trical engineer, after which he took two more years of physics at Wisc.

Heising's career actually began with his discovery in 1914 by a Western Electric "scout." He began to work in New York on telephone research. In six weeks he had invented a device for improvement of telephony.

He was transferred to radio telephone development, and at that work he started with designing long distance transmitting circuits. In 1915 he had charge of the first transatlantic telephone tests from Arlington.

Heising's most important invention is the modulation system which is being used today in nearly every large broadcasting station. He invented this in 1916, and next year turned to developing a system of radio communication between airplane and land stations, and between flying airplanes.

Now Heising is directing his studies toward development of ship-to-

shore radiophony, short wave communication and other forms of radio progress.

DRIVE OPENS

The Brotherhood of American Yeomen Drive for the trip to Cedar Point is now under way. A class adoption was the feature of the last session.

The Newark team will go to Columbus next month to initiate a large class.

A chicken supper will be served to members and candidates Friday evening at the M. W. of A. hall.

AREN'T YOU ASHAMED?

St. Louis has a blind stenographer, a blind motor mechanic and a blind tool maker. The stenographer, a girl, takes dictation by indicating a tape similar to a stock ticker ribbon. That ought to encourage a lot of lame ducks to walk better and more cheerfully.

JOHNSTOWN ROUTE 3. Emery Lullin is ill with quinsy, and his son and wife were called from Newark to care for them.

Norton Sullivan is ill with grip.

The Johnson family are all better but Mr. Johnson, who has grip.

Ralph Crottinger is better and is able to be out. They called Dr. Roland for the baby, Leland.

Harry Wolf and family are all with grip.

Mrs. Lena McKim was a caller at the H. L. Baker home Monday. Three members of the Byrde Rhoades family are ill with grip.

Mrs. Dora Stout's nephew of Columbus is staying with the family until they are able to do their work.

Mrs. Charles Bash was a Sunday visitor at the home of her father and mother. H. A. Crottinger was an afternoon caller at the same home. Letha returned home with him.

Mr. and Mrs. H. A. Crottinger are ill with grip.

SHEEP MEN OUTLINE PLANS

Will Seek Support of Co-operative Marketing and Boost Wool Grading and Juvenile Clubs.

Thirty-five sheep and wool growers responded to the call of L. B. Palmer to meet in the Farm Bureau office Saturday to outline a program of sheepmen's activities for Licking county during 1923.

Resolutions were adopted recommending that the coming year's activities should include the following:

1. Securing the support of wool growers in the wool marketing program of the Ohio Sheep and Wool Growers association.

2. To hold meetings where the sheep men can see commercial wool grades demonstrated and can get more information regarding the relation of flock management to wool grades. Arrangements were made to hold these meetings on Feb. 26, 27, and 28th and J. F. Walker, secretary of the Ohio Sheep and Wool Growers association will be secured to conduct the meetings.

3. It was felt that series of sheepmen's meetings should be held during July at which time the problems of parasite control should be discussed and methods demonstrated. Five township committees volunteered to arrange for such meetings.

4. The value of boys' and girls' sheep clubs was discussed and arrangements made to organize such clubs in Perry, Eden, Hanover townships during the coming year.

5. Decision was reached to secure the interest of sheepmen in the county in an educational exhibit as well as a wool show at the County Fair this year. T. C. Jury, Licking township and Geo. Deeds, Harrison township were appointed to meet with the fair board and to make all the arrangements for the part the sheepmen will take in the 1923 county fair.

Finally it was agreed to make the sheepmen round up and banquet an

annual affair at which time reports will be received of the results of the year's activities.

MILES OF RADIO WIRE

Ten miles of copper wire, weighing about seven tons, is the amount that makes up the aerial of the powerful naval radio station at Annapolis, Md. Six 600-foot steel towers hold this wire aloft. To keep snow and ice from weighing down the wire and breaking it, an electric heating circuit melts it as fast as it collects.

LAND RENT IS HIGHEST

The new Herald building in New York will cost \$1,450,000. The land is valued at two and one-half millions. On which basis \$25 of rent will be paid on the land value for each \$14.50 rent on the actual building. The building is valuable, representing frozen wealth and labor. The land is valueless, except as the activities of the renters and their customers make it a desirable location. Single-taxers say "high cost of living" is just another name for "tribute to high land values."

CONCILIATION IS MEANS OF PEACE

Molders' Chief Says Industrial Tranquility Among Stove Molders Has Prevailed 32 Years

Cincinnati, Feb. 13.—Conciliation is the secret of industrial tranquility according to Joseph H. Valentine, head of the International Molders Union of North America since 1903.

Not in all branches of the molders' trade but among the stove-molders, of whom there are 9000 in 10,000 employed in the United States and Canada, industrial peace has prevailed, so far as matters of any importance are concerned, Valentine says, for 32 years.

"Annual meetings," he explains, "are held, at which employers and employees met and thrash out all differences. If displeased for the moment we withdraw for a few days."

When we come back we feel better."

Underhand dealings, Valentine adds, must be avoided on both sides. "And there would be fewer strikes in other industries," he comments, "if each side would tell the other the whole truth, and not attempt tricks by holding something up its sleeve."

Valentine refers to arbitration as "the trick," declaring that it "heals satisfactorily, the decision of an odd man invariably leaving something to be desired, in comparison with an agreement reached directly between the parties involved."

Undernourished Children Need

Chocolate Bars

60 to 70 percent of city school children suffer physical impairments due to undernourishment (New York and Chicago health surveys).

Undernourishment may mean lack of food, but more often it is an unbalanced ration.

Children require protein, carbohydrates and vitamins for physical and mental normalcy. They get all these elements in delicious form in Eline's Sweet Milk Chocolate Bars.

Eline Bars contain ample protein in the nuts and milk—and an abundance of carbohydrates in the sugar. The vitamins in the milk fire the protein and carbohydrates and render them available for energy.

Eline's use the choicest cocoa beans (rich in butter fat); pure, refined sugar, and nourishing whole-cream milk from cows that feed in the fertile emerald green fields of Wisconsin and drink crystal pure water from spring-fed lakes and babbling brooks.

Eline Bars do not contain an ounce of skimmed or powdered milk. They are rich to taste, persuasive in aroma, and delicious in flavor, yet they cost no more than common chocolate.

Day and night, Egyptian troops guard the wealth in the tomb of King Tutankhamen. Already, objects valued at more than \$40,000,000 have been removed from this 3000-year-old resting place of the once mighty potentate of the Nile.

[National Crop Improvement Service] "SHEEP are not a get-rich-quick proposition by any means, but the farmers who keep a moderate-sized flock of them year after year, treat them right, and keep improving the quality by selected rams, find them a good cash crop," says Dennis A. Merriman of the American Steel and Wire Company. "Some sections specialize in furnishing lamb and mutton, and others on wool, but the general farmer usually finds a type producing a good medium wool, and acceptable lamb and mutton, a more practical and profitable proposition."

"The sheep can utilize the rougher portions of the farm to good advantage, though of course, they need other feed to make the best gains. The lamb crop brings in ready cash, and the culling of the older sheep each year will add to the income, while each year the flock improves in quality and profit."

"Sheep do not require expensive buildings, but should be kept from roaming over cultivated fields. They grind their own feed, and when their simple but definite needs are satisfied, they pay their way with a good margin for their keeper. "I am a great believer in boys. Sheep are particularly adaptable where a farmer desires to place his son in charge of some one thing on the farm, to handle and raise for his very own."

Lady Doris Blackwood, known for her prowess on the hunting field, is to wed Captain Cecil Gunstan in London in the fall. She is a daughter of the late Marquis of Dufferin and Ava and of the present Lady Howa. Her grandfather was John Davis of New York.

All Paris was shocked when Mlle. Germaine Berton (inset) shot and killed Mariana Plateau, editorial writer on L'Action Francaise, a Royalist newspaper. In revenge, Royalist sympathizers wrecked the editorial room (above) of L'Ere Nouvelle, a radical daily.

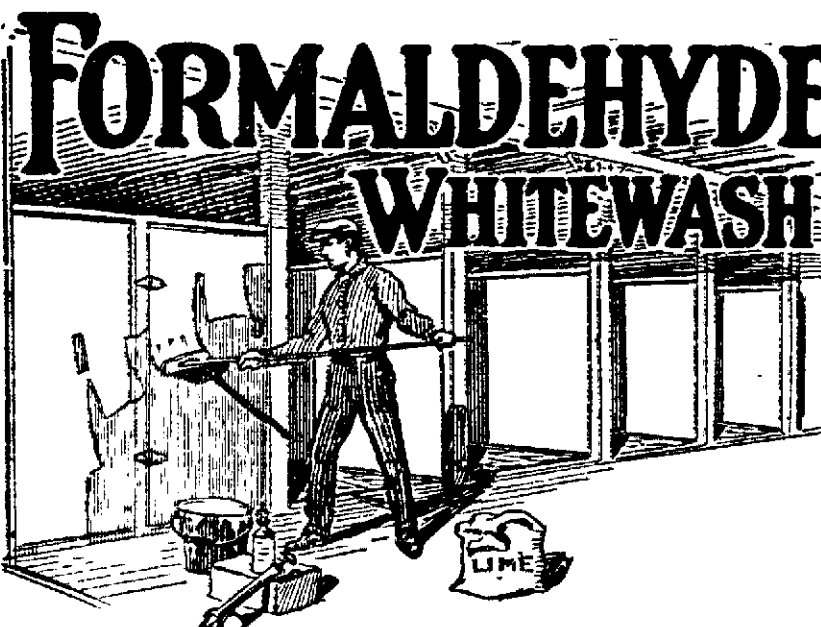

French officers are shown here having their first bite to eat after the entry into Essen.

Muriel Harper has been selected by a group of judges as the most beautiful girl in Winnipeg. And now, bearing the title of "Miss Winnipeg" she is representing her city at the Winter Sports Carnival in lower Canada.

Mr. and Mrs. William G. McAdoo are among the prominent guests at the new fire proof Bon Air Vanderbilt Hotel, the new southern mecca which society has discovered at Augusta, Ga. Friends of Mr. McAdoo, the former secretary of the Treasury, are endeavoring to groom him as the democratic presidential candidate.

[National Crop Improvement Service] "A FRESHLY whitewashed barn conveys an air of cleanliness, beauty and healthfulness that is in striking contrast to the average dark, gloomy, smelly interior. It distinctly lightens up the barn, it is purifying in effect, and any dirt will be quickly removed as it stands out in bold relief. Systematic whitewashing of dairy barns aids in keeping down the bacterial count in the milk and is essential in good dairying," says

S. J. Craig, County Agent, Whiteside County, Illinois.

"Putting a pint of formaldehyde in each two gallons of whitewash produces a solution markedly efficient in cleansing and disinfecting the barns. The formaldehyde combines with the ammonia gases and purifies the air, as well as serving in other ways in keeping the barns sanitary and suitable for housing live stock producing food for human consumption."

[National Crop Improvement Service] WELL-BRED, well-born pigs have the will to live and thrive right in them and they do not need any urging to fill up with milk quickly and often. After they are weaned, the same rule holds good. They do not have to be coddled or fed by hand to make the largest and most economical gains.

Prof. W. A. Henry of Wisconsin says: "Cafeteria or self-feeding for shoats is a proven success and they grow steadily on an economical basis when the proper rations are kept before them in the feeder. Clean water is, of course, essential. The most economical ration is often a matter of geography and crops available. If in doubt, the county farm bureau or agricultural college will be glad to help plan an efficient, profitable ration adapted to your needs and locality."

Young pigs thrive in a field of alfalfa or rape, but they must be fenced tightly, or they will be all over the place.

[National Crop Improvement Service] A DARK barn is almost always a dirty barn," says Dr. C. H. Eckles, of Missouri.

A self-respecting cow, the kind that is capable of producing a clean, wholesome food at a profit to the farmer, can't be expected to do it in a dark, damp, dirty barn, with no animal comforts and less sanitation. The farmer himself would reflect the dreary atmosphere of the place, and fall short of his own possibilities.

Change the dairy eyesore to a well-arranged barn, with ample light, good ventilation, modern equipment, running water, and centrally located feed bins, etc., and the cow perks up and starts on the upgrade of profitable production, and the dairyman gets his work done better in less time, is the statement of Dennis A. Merriman of the American Steel and Wire Co. The litter carrier makes it easy to keep the stalls clean, and the easily reached feed and hay chutes, and the running water, make former drudgery merely straightforward routine.

This group of winter vacationists appears to enjoy the sunshine in Florida. Standing in the swing is Miss Nellie Kellery, who is not the lady of the musical comedy, by the way; Miss Claire Clair and Miss Martha Mensing, all of New York. Extreme right is Miss Helen Walton of Chicago.

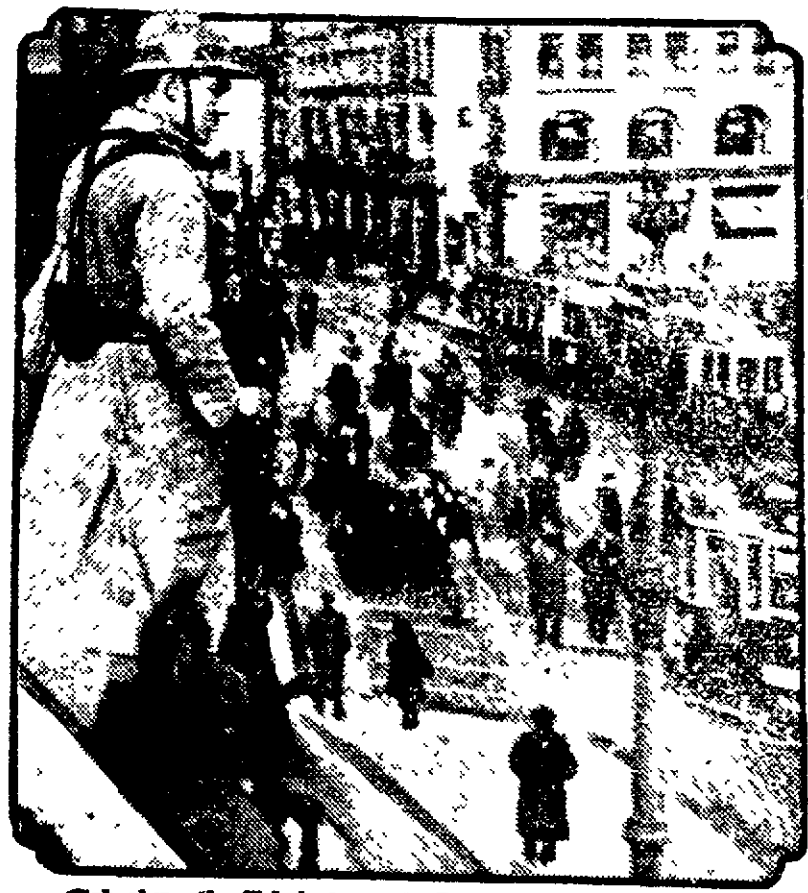

If you don't believe they love one another, just look at this picture. This photo of Pola Negri and Charlie Chaplin was taken shortly after the announcement of their engagement.

Huckleberries an inch in diameter and almost as large as plums have been perfected by Dr. F. V. Coville of the Department of Agriculture at Washington. He has been experimenting with the development of wild huckleberries for years.

Miami (Fla.) police are searching for a peddler in connection with the disappearance of \$250,000 worth of jewelry belonging to Mrs. David G. Joyce (above) whose husband is Peggy Joyce's brother-in-law.

High above the Kewitzstrasse in Essen, this French police watches out for a possible outbreak of the German inhabitants.

ANDERSONVILLE SURVIVOR DIES

Loyal C. Vance, Civil War Veteran, Wounded and Taken Prisoner at Atlanta Dies, Near Utica.

(Special to Advocate.)

Utica, Feb. 12.—Loyal Case Vance, 81, died at 1:30 o'clock this morning at his home in Fairview. Mr. Vance was born in Fairview, Jan. 26, 1842. He was united in marriage to Sarah Shaffer in 1866. Mrs. Vance died in 1915. He is survived by one son, John Vance and two sisters, Mrs. Julia Barnhart and Mary Jane Vance, all of Fairview.

Mr. Vance was a Civil War veteran and by re-enlisting he served the entire period of the war.

He was wounded in the battle of Atlanta in the march from Atlanta to the sea, at which time he was taken prisoner to Andersonville prison.

He underwent the tortures and hardships of Andersonville prison for four months at the end of which time the war closed and he was paroled and came home. He carried the scars of battle on his body through life. Mr. Vance had been in ill health for a number of years, never being really strong after he was imprisoned at Andersonville. He united with the Methodist church of Homer before he enlisted in the war.

No funeral arrangements have been made. Christopher Baughman is now the only surviving Civil war veteran in Miller township.

Mrs. W. J. Wilson is visiting her parents Mr. and Mrs. A. B. Gregg in Columbus.

Chas. Seelbach, Stanley Wilson and Arthur Weston were awarded four merit badges each at the Boy Scout Court of Honor, which was held in the court room of the court house in Newark last night. This is the highest number of merit badges which can be awarded to one at one time. Assistant Scout Master Paul Warner and Joseph and Howard Smith also attended the meeting.

The school board met Friday night. No business of importance was transacted.

Harold Bash, son of Thomas Bash of Homer who is seriously sick at the state blind institution is slightly improved.

Mrs. Homer Dodd and son of Columbus were guests of Mr. and Mrs. A. W. Vance Sunday. Mrs. Dodd and son were on their way back to Columbus after visiting Mr. Dodd who is in Mt. Vernon state sanatorium.

Mrs. Thomas Albright of Columbus was the guest of her brother, Lewis Seelbach and family, Sunday.

Mrs. F. S. Sperry is confined to the house with grip.

Mr. and Mrs. Willis Bullock and little daughter Leona Mae of Columbus are the guests of their parents, Mr. and Mrs. John Bullock.

Mrs. B. W. Campbell is ill with grip.

Harry Huffman of St. Louisville is here decorating the interior of Sinsbaugh and Son's store.

Mayor John Carlisle visited Sunday with his brother, Harry Carlisle near Granville.

George English who has been seriously ill with grip is improving.

A horse driven by S. B. Friel on the mail route, fell dead Saturday on

the road near B. J. Edman's. The horse was owned by G. B. Farley. A daughter was born to Mr. and Mrs. Robert Booth Sunday.

Jay Garrison of the Franklin bank in Newark spent Monday with his mother.

The out of town persons who attended the funeral of Mrs. Sarah Harpigny were Mr. and Mrs. Chas. Gehring, Mrs. Rose Garner, Mr. and Mrs. E. J. Binckley, Carl Duckenberger, Mrs. Wm. McDowell and James Carper of Columbus.

Mrs. Emilio and Lillian Lecherca of Akron and Mrs. J. J. Fouch, George Meehan and Mrs. Louise Frie of Mt. Vernon.

Mr. and Mrs. Howard Rugg of Newark were guests of Mrs. Rugg's father, A. E. Gittman Sunday.

Miss May Hite of Thornville is visiting her brother, Attorney F. C. Hite and family.

Miss Mabel Barrick, junior high teacher, is ill with the grip at her home in Mt. Vernon.

J. L. Edwards, contractor for the Utica, Mt. Vernon pike is having the bricks hauled from Hunt Station and placed along the road, preparatory to paving as soon as the weather will permit.

Rev. L. Carr addressed the high school students on "Elements of Success" Friday morning.

YOUNG MOTHER DIES.

Centerburg, Feb. 12.—Mrs. Ethel Marshall, 23, wife of Albert Marshall, was buried this afternoon. Funeral services being held at 2 o'clock. She died Saturday at 1:30 p. m. at the Mt. Vernon Hospital from heart trouble. She was the daughter of Mr. and Mrs. Edward Powis. Besides her husband and parents, she leaves two small children.

A BILLION TO GIVE AWAY

Uncle Sam will give every man, woman and child in America a present worth \$10 if the Townsend bill passes Congress, distributing more than a billion dollars worth of left over war material to the states on the basis of population. This war material consists largely in road scrapers, army trucks, rolling kitchens and other means of carrying on war aside from guns and explosives. All the property will go to the states, not to individuals.

BOYS AS BENEDICTS

Glasgow.—Marriage of 369 boys under 19 have been recorded in Scotland in a year. Four were 16, 52 were 17 and 313 were 18.

PHYSICIANS ADVISE

A Real First-Aid Method To Relieve and Break Up Colds

HOT MEDICINAL TEA
To Stimulate the Circulation, Heat Up the Chilled Blood and Flush the Waste Poisons From the Intestines and Bowels.

It is a recognized fact that hot medicinal herb tea is one of the very best home remedies to use to assist in breaking up colds which when neglected often develop into influenza, pneumonia or other serious sickness. It is old fashioned of course, but nevertheless its effectiveness is readily admitted everywhere today.

Many physicians now advise their patients to always have on hand a supply of medicinal tea for emergency purposes.

Harsh, drastic, habit-forming drugs should be avoided. The risk to one's general health is too great, because certain drugs have a tendency to depress the heart action and disturb the nervous system.

Millions of people all over the world are today using Bulgarian Herb Tea as a reliable first-aid to help break up colds, and also to keep the intestines and bowels cleansed and free of the waste poisons that so often cause sickness and ill health. Bulgarian Herb Tea is prescribed by many physicians, and druggists everywhere honestly recommend this pure healthful laxative tea tonic to their customers. Why not see your druggist at once and get a small package for emergency purposes? You or some other member of your family may need it to help fight a cold this winter.

DEVELOPMENT

The modern electric ironing machine has a distinguished line of forerunners, tracing back to the early days of Rome. The need for pressing garments became evident long before the invention of the humble flat-iron, which required heat, and the first device was probably the ironing board on which a weighted cover was placed. This was used for hundreds of years, until the Dutch improved it by equipping the cover with a turn-screw, like the old-fashioned letter-press.

By 1800 the cover had been replaced by rollers that were moved back and forth over the material to be pressed. Originally such rollers were fixed to the bottom of a box weighted with stones, to give the necessary pressure, and operated by means of pulleys and a rope.

Wooden rollers became iron; then the iron rollers were made hollow and in them were placed heated cylinders, thus combining the heat of the flat-iron with the roller press. The awkwardness of moving heavy rollers back and forth again set an inventive genius to work and there was perfected the present-day arrangement of stationary rollers, functioning against each other, as in a clothes wringer. Last came the application of the electric power machine that does much of the ironing today.

ANOTHER UTOPIA
Sixty families will try out "ideal communism" in the Arrow River Valley of Canada. Land will be equally divided, crops shared so that no one will get more or less than the rest. Other work, such as running the sawmill, will be shared. All property except clothing and household goods will be owned and used jointly by the community.

This experience will work until the lazy and shiftless show up in their true colors and begin wanting the others to support them.

Even the self-made man doesn't always succeed in making himself agreeable.

Rheumatic twinges-ended!

The basic cause of most rheumatic pain is congestion. Apply Sloan's. It stimulates circulation, breaks up congestion—pain is relieved!

Sloan's Liniment
—kills pain!

For rheumatism, bruises, strains, chest colds

Fashions For Spring

THE stage for Spring Fashions is not fully set, but the prologue is on. Yes, a few very exclusive costumes have parted the curtain, slipped through and are here, hinting at what is to come. There are three-piece costume suits whose jackets tell a tale of Balkan origin so softly do they blouse above a snug hip band, and there are frocks of paisley printed crepes as well as taffetas distinguished by circular tiers on a slightly bouffant skirt. In coats of twill or nappy fabrics soft browns and a silvery gray are shown with a cape back or cape sleeves varying an otherwise pencil silhouette. There are many others so be sure to come and view them.

Ask Us About Our Lay-Away Arrangement

The Wraps

Your Wrap for the Warmer Days

The breath of Spring induces one to tuck that winter coat well away—for next year—but you'll want a light Wrap for cool days and especially evenings. Here are several that are very attractive for wear over that silk frock whether you are dining out or just "matinee-ing." They're toasty and warm as well as fashionable and the fabrics and shades are the newest for Spring.

\$24.50 to \$75.00

The Capes

Forecasted to be the most popular outer garment for dress wear of the season. Fashioned in luxurious new fabrics in the very latest spring shades—some have fur collars and irregular hems, others are rich in their simplicity. Really quite reasonable too, at .

\$24.50 to \$49.75

The Sport Coats

You'll Want a New Sport Coat for the New Season

When you see these coats you'll know they were made just for Spring—for they look it. But it's natural since they are made of the newest of the season's fabrics in the prevailing shades—and it makes them most suitable for all Springtime wear. It isn't hard to want one of these swaggar Coats nor to have one for they are really quite inexpensive.

\$9.75 to \$39.75

S-U-I-T-S

In the Steps of Jaquettes Come Balkan Effects to Distinguish Suits for Spring

When one thinks of Spring her next thought is naturally a Suit, for they seem to belong to each other. Because this is an early display it is no less authentic, and you needn't hesitate about buying from the new modes that are here. The three-piece costume is still a favorite—the Balkan jacket being a very new note. Materials run to twills and materials. Tan is a favorite color.

\$24.50 to \$74.50

Taffeta Frocks

By this time every woman is tired of her fall and winter clothes. She wants something new—fresh and crisp. One of our new taffeta dresses will fill the bill—even if you are not choosing at all, just want to look around a bit, you will enjoy the originality and style correctness of this display.

\$19.75 to \$39.75

Blouses

We are now showing a complete line of blouses ranging from the dainty dainties and voiles at \$1.95 to the gorgeous imported beaded overblouses that come from France, and a wonderful assortment all the way between—whether it be a suit blouse, on to wear with a separate skirt or under a sweater you will find it here.

Special

February Feature

—of—

Frocks

\$14⁵⁰

It's the result of a very fortunate special purchase that brings these new flat crepe and taffeta dresses to you. The styles are the new spring ones and decidedly smart—especially for the younger set; however, the sizes vary from 14 to 44.

Sweaters

If you are needing a new sweater to go with that sport skirt or suit you will now find our stock at its highest point—pure wool, silk and wool, fibre and pure thread silk—anything in the sweater line that is correct we have—also fashion has brought forth the knit dress—we are showing them moderately priced too.

Underwear

Madams' wardrobe is not complete without a nice assortment of silk underthings. We carry glove silk vests and bloomers, jersey petticoats and Pettibockers, radium and crepe gowns, envelope chemise and step-ins. We invite your inspection.

\$19.75 to \$49.75

S-K-I-R-T-S

Novel Skirts for Spring and All Time

A new Skirt will add much to your Spring wardrobe at little cost—especially if it is a two-tone plaid or stripe. They are so very attractive worn with sweaters or overblouses—and with your last season's suit coat will complete an entirely new costume—proving their general usefulness for all round wear.

\$5.95 to \$12.75

Crepe Dresses

We pride ourselves that our dress store is really out of the ordinary—a look through our very large assortment will convince you that we are putting forth an effort to give the women of Newark what they want, when they want it. We emphasize the new flat crepe fashioned in all shades including the new rose, green, tan and gray. Blacks, navies and browns are in abundance and we have not forgotten the stylish stouts—an inspection will convince that our prices are quite reasonable.

Many are profiting by Carlile's FEBRUARY SALE!

THIS great Sale of ours is keeping up its record breaking pace. First we enjoyed the immediate patronage of the many people who have implicit confidence in this store and did not need to compare to learn that our prices were lower. Now we are getting the business of those careful shoppers who spend days in making comparisons before placing their orders. It is significant that these careful buyers are taking advantage of our February Sale. You, too, can profit by their example. Come and make your selections now at

Kellogg's Bran is nature's relief from the terrors of constipation!

Never make light of constipation or any one of its symptoms—there is no telling what disease you may be heading into! The one thing to do—IMMEDIATELY—is to fight constipation to the last ditch! Not with pills or cathartics; they cannot give you lasting relief! Not with foods with a low bran content; they do not have the bran-bulk to do the work!

What you need, what will give you permanent relief is Kellogg's Bran because it is ALL BRAN! Kellogg's is scientifically prepared to relieve constipation. It will relieve the chronic case or the mild case. You need it, your family needs it!

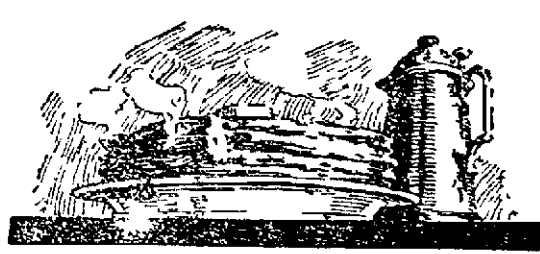

But, you must eat Kellogg's Bran regularly—each day! At least two tablespoonfuls; in chronic cases this amount with each meal! And, eating Kellogg's Bran is a delight rather

than a hardship. It has a delicious, appealing nut-like flavor that wins the most fastidious appetite.

Every day when you eat Kellogg's Bran as a cereal, sprinkled on your favorite hot or cold cereal or cooked or mixed with hot cereals, think of the health every spoonful contains for you! Think how Kellogg's Bran is sweeping and cleansing the alimentary tract; how it is driving out the toxic poisons and freeing your system from dangers of dreaded diseases! Your physician will recommend it.

Kellogg's Bran is extra-delicious made into countless bakery batches. Recipes on every package.

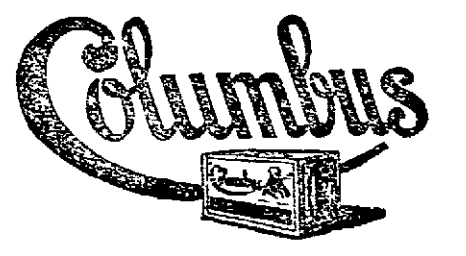

All grocers sell Kellogg's Bran; it is also obtainable at first class hotels and clubs in individual packages. Ask for it at your restaurant.

-- Wheat Cakes Topped with Columbus

WHEAT cakes—hot off the griddle—with plenty of COLUMBUS and a touch of syrup to mellow it all! It's a revelation to the tired palate. The appetizing taste suggests the thought of serving "cakes" and COLUMBUS often.

THE NEW ZANESVILLE PROVISION COMPANY

Zanesville, Ohio

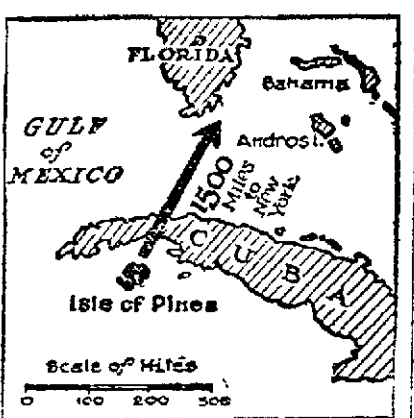

Made by the makers of PURITY NUT

ISLE OF PINES SEEKS U. S. RULE

Some Residents. However, Don't Like Idea of Accepting Prohibition With It.

Santa Fe, Isle of Pines, Feb. 13.—(By NEA) —Joy over the possibility of again living under the American flag was mingled with grief on the part of some over the possible coming of a "dry" regime when word reached Senator Doremus of Ohio that he had introduced a resolution in the United States Senate authorizing President Harding to negotiate with the Cuban government regarding acquisition of this island.

Though the island has been de-

veloped chiefly by Americans who fled here at the close of the Spanish American war and who today own a \$21,000,000 worth of property, the island politically belongs to Cuba. It has a diameter of about 40 miles and an area of 840 square miles. There are two important towns, Santa Fe and Nueva Gerona, the capital.

Cattle raising and cultivation of citrus fruit are the principal industries—both capitalized and engaged in a most exclusively by Americans. Several previous attempts have been made to bring the island under American jurisdiction.

A LIVING WAGE

Two dollars a day is sufficient for the maintenance of an American family, says Ben W. Hooper, chairman of the Railroad Labor Board.

What could be done with these salaries paid railroad presidents, taken from the latest report available?

James Krutchnur, chairman of the board of the Southern Pacific, gets a salary of \$100,000 a year. A. H. Smith of the New York Central pulls down a tidy \$25,550. These are in the \$75,000 class.

Robert S. Lovett of the Union Pacific, Carl B. Grav, of the Union Pacific, C. H. Markham, of the Illinois Central, E. Pennington, of the Minneapolis & St. Paul & Sault Ste. Marie, William S. Squire, of the Southern Pacific, and Hale Holden, of the Burlington.

Daniel Wilard, of the Baltimore & Ohio has moved from the \$75,000 class to a rate of \$87,500.

There are many salaries of \$50,000 a year, while the executive who gets less than \$25,000 is regarded as a "piker."

FINDS GERMS IN GARAGE

London—A Windsor resident found a big bottle in his garage. It contained 24 small tubes. Each tube contained deadly disease germs, laboratory tests later showed. Source of the germs is a mystery.

CAPITOL JOKES

(By PETER F. TAGUE)
U. S. Representative From Massachusetts, Tenth District.

There is nothing like being perfectly sure of yourself and content with your environment. I've always liked the story of the lady from a certain Down East metropolis who, while motoring, saw a sign reading "I'M FROM BOSTON."

"I'm from Boston," she read it aloud. "I'm from Boston. How simple! How sufficient!"

STOPPED Child's Cough

Here's a PRESCRIPTION Safe & Sane for Young & Old

Get a bottle of Piso's for Coughs and Colds. Use as directed. You will be astonished at the quick relief. It stops irritation—loosens the phlegm—reduces the inflammation—relieves hoarseness. This remarkably effective syrup is different from all others—pleasant to take—does not upset the stomach—contains no opiate. Ask for it by name. Insect on Pinus. 5c and 6c sizes obtainable everywhere.

WELL-KNOWN RAILROADMAN SPEAKS WELL OF KA-DI-OK

Recovers from Stomach Troubles and a General Run-Down Condition.

Mr. E. E. Smith, who lives at Valley Crossing, Station E, Rural Route No. 6, Columbus, Ohio, employed in the Maintenance of Way Department of the Hocking Valley Railroad, a member of M. W. of A., has joined the ever increasing army of Ka-di-ok enthusiasts. In a signed statement recently received, he says: "I have taken during the past two or three months six or seven bottles of Ka-di-ok and it has done me a wonderful lot of good. I have a good appetite, sleep well and feel

"Ka-di-ok can be obtained in Newark, at Evans' Arcade Drug Store, C. & D. Drug Store and all up-to-date druggists.

Liver Health A Thing of Great Importance

Tuesday Health Talk No. 16
By Ben E. Creighton, D. C.

Health turns the Clock Backward

Liver health means a beautiful complexion, a body free from the impurities that dull the sensibilities and cloud the eyes and brain. Liver health means the every day vigor and freshness which enables you to work without fatigue, to look upon any task as easy.

When the liver action is weakened or subnormal, due to weakened transmission of life impulses over spinal nerve lines, there is constipation, that heavy feeling, dull headaches, nausea, and in extreme cases, jaundice and fever. A nerve that is under pressure acts in precisely the same way as a wire that is thinned down or partially cut. Such a wire will transmit electric current, but there will be resistance and heat at the defective point. In the human body when there is disease due to nerve impingement it takes chiropractic vertebral adjustments to restore spinal alignment and remove the nerve pressure. Consult

NEW MEXICO MINE AGAIN IS VISITED BY DISASTER—HERE'S PICTURE OF MINE ENTRANCE

Over 100 men were killed when a terrific explosion took place in the pit of this mine in Dawson, N. M. The explosion which caused the entombment of the miners was so severe that telephone lines were wrecked and the concrete entrance to the mine shattered. In October, 1913, 260 men were killed in a disaster in this same mine. This photograph was taken at that time.

MURRAY HAGAN DIES SUDDENLY

Son of Former Granville Couple Succumbs After Operation—Was Youthful Radio Expert.

(Special to the Advocate)

Granville, Feb. 13.—Ill only four days, Murray Hagan, 14, son of Mr. and Mrs. W. Hovey Hagan, formerly of Granville, died Sunday night in the Mt. Vernon Hospital. His death followed an operation for appendicitis. The boy was born in Granville.

The boy was well known in Mt. Vernon as a radio fan. Just two weeks ago he received first prize from the Erner-Hopkins company, Columbus, for naming the most musical titles in a program broadcast from the Columbus station. He was regarded as one of the most expert receivers in Knox county. He was in the eighth grade in Elmwood school. His parents, three brothers and two sisters survive. Funeral services will be held Wednesday at 2 o'clock. Burial will be made in Mt. Vernon.

Granville, Feb. 13.—The Travelers' club presented a program of "British Celebrities, their Homes and Haunts" Monday afternoon, with Mrs. Daniel Rogers featuring "Mary Queen of Scots" in a paper describing the life of that "beautiful and unhappy woman" from her birth in Linlithgow Castle to her execution for treason against the English queen. Mrs. Rogers referred to her as having been the subject of more discussion for and against her character, than any other woman in the world. "The Scotland of Mary's Time" was the subject of a descriptive paper by Miss Ellen Davies, and the scenes were further illustrated by views brought home by her niece, Miss Clara Davies of Newark, from a visit to Europe some years ago. These views were thrown on the screen from the newly installed Balopticon-projector, the initial showing of that fine instrument. Most of the cards were colored, an advantage in such a showing. Miss Davies and Miss Clara Davies were accorded a vote of thanks for the entertainment.

The lantern was operated by Mr. and Mrs. Burton Case and they testified that it ran without a hitch. To

replace the long stemmed gas chandelier which obstructed the view of the screen, an electric wire with a reflector bulb, was swung about two feet from the ceiling, giving sufficient light for the speakers to read their notes. The lantern committee of the Travelers' club, Mrs. John Owens, Mrs. W. E. Clemons, Mrs. K. S. Hines and Mrs. Burton Case, chairman, was discharged at its own request. Mrs. William Clemons presided in the absence of Mrs. E. P. Cook, who is ill with grip.

Tonight in the social rooms of the Methodist church the men of the congregation and their friends will hold their monthly social. Dr. C. L. Williams, professor emeritus of English in Denison university, will be the honor guest and speaker.

The King's Daughters held their regular meeting Monday evening with Mrs. M. E. Suckney in charge of the devotional service, and Miss Lily Jones conducting the business. Refreshments were served by the hostesses Mrs. F. F. Robinson, Mrs. A. K. Pollett, Mrs. E. S. Everett, Mrs. P. J. Cordon and Mrs. Lee Young.

Mr. and Mrs. J. M. Broughton left Monday for Harrison, Ontario, Canada, to attend the funeral of Mrs. Broughton's brother, William Gordon.

The funeral of Mrs. Hannah White, 82, (colored), whose death from pneumonia occurred Sunday night, at the home of her daughter, Mrs. John Johnson in South Granger street, was held this afternoon at 2:30 at the home. The body will be taken to Jackson county Wednesday forenoon for burial in the Weston cemetery; the journey to be made by motor. Mrs. White was the widow of an old soldier, James White.

Mrs. Ernest Owen, her son Ernest, and her sisters, Mrs. Milo Price of Orono, Minn., Mrs. Edward Jesson of Rochester, Minn., and Mrs. O. T. Laybourne of Springfield, returned Friday night from Springfield, where the funeral of their mother, Mrs. H. H. Tuttle was held, and interment made in the Springfield cemetery. Her sisters will remain with Mrs. Owen only a short time longer.

Members of the D. A. R. will entertain their friends Friday evening in the community rooms. Clyde Tuttle of Columbus, former Granville-Denison man, and his daughter, Miss Louise Tuttle, were weekend guests of Mrs. Ernest Owen.

Alec Thomas had as weekend guest his daughter, Miss Mary Thomas of Athens. Captain and Mrs. Everett E. Brown have as their house guest Mrs. Helen Mar Nichols of Winter

Haven, Florida, the grandmother of Mrs. Brown, who will remain a few weeks.

C. A. Stanforth has returned from a visit to his daughter, Miss Opal Stanforth, a teacher in King's Mills. Mrs. Franklin W. Sweet of Cleveland is in Granville for a few days where she is attending her son, Franklin Jr., a student in Denison, through an attack of grip. The patient, who with his sister, Miss Margaret Sweet, lives in the Stevens home in Park Drive, is steadily improving.

Mr. and Mrs. J. H. White have returned to Granville and have taken the "Old Grover" house, in East Broadway recently purchased by Mrs. C. B. White, where they will remain for a time.

The women of the Mothers' club will celebrate tonight in the community rooms with a fathers' party. The rooms have been specially decorated for the occasion.

Dr. Clarence Barbour, president of Rochester Theological seminary, Rochester, N. Y., is the house guest for two days of President and Mrs. C. W. Chamberlain. Dr. Barbour was chapel speaker both Monday and today.

Today workmen on the Swasey chapel on the hill begin to erect the steel frame work.

Dr. Joseph Robbins of New York will be in Granville Feb. 22 and at 9 o'clock in the forenoon will address the students of the university and others in Rectal hall.

The Home Mission society of the Methodist church will be held Thursday at 2 p. m. in the church, following which there will be a meeting of the Ladies Aid society.

Mrs. C. J. Rose who left last week via Washington, D. C., to join her son-in-law and daughter Mr. and Mrs. Theodore Johnson in Kingston, N. C., wrote that she arrived at her destination in a storm which had coated the trees and shrubs with ice, the first symptom of winter as yet experienced in that southern climate.

Sunday dinner guests at the Beta house were: Dr. and Mrs. J. W. Rohrer and daughters Kathryn, Frances and Ellen; Helen J. New of Cleveland, W. B. Stone and J. L. Rose.

RUSSIA'S STACK OF MONEY
A year ago there were only 17,000,000,000 rubles of Russian money, worth about 50,000,000 American dollars. Now Russia has 1,800,000,000,000,000 outstanding, worth just about the same amount of American money. There is a limit to the amount of wind you can get into a balloon.

Many a man has no difficulty in catching on who doesn't know when to let go.

Perfectly Beautiful Feet

You, too, can have them

BEAUTY of foot, trimness of ankle, delicate curve of arch are characteristics of women who wear "Foot Saver" shoes. The "Foot Saver" shoe is different from any shoe ever made.

At the same time, the arch of the foot, so often weakened by years of enforced strain due to improper footwear, is firmly supported and moulded to graceful lines.

One enthusiastic patron says: "They are more comfortable than going barefoot."

"Foot Saver Shoes"

Women in all walks of life will find in the "Foot Saver" shoe that rare combination of comfort and style so seldom attained. Never before has there been offered a shoe that so fully embodies every desirable requisite. Buy a pair of "Foot Saver" shoes and find, for the first time, real shoe satisfaction.
